## WOMEN HERE TO PLEAD FOR VOTE

Members of Congressional Union  
Arrive in Decorated Auto-  
mobiles for Two Meetings

### FIRST ONE IN COURT HOUSE

Effort Will be Made to Organize a  
Branch Here—National Suff-  
rage is Their Aim

The delegation of prominent suffragists from Indianapolis was expected here late this afternoon. It is understood that the real purpose of the invasion of the suffragists to this city is to interest local women in a branch of the Congressional Union. A meeting was planned for this afternoon at three-thirty o'clock in the library at the court house and tonight a street meeting will be held at which time several speeches will be delivered. The street meeting will probably be held on the court house square.

An effort was made this afternoon to organize a branch of the Congressional Union here. The Congressional Union is organized on the same principles as a political party, having as its leading plank national suffrage. It differs in that point from the Franchise League which supports state suffrage. The Congressional Union was organized in Indianapolis in March and is now beginning to branch out with organizations in surrounding cities.

The principal talkers for the meetings both this afternoon and evening are Mrs. William C. Bobbs, Mrs. Ida Gray Scott, and Miss Eleanor Barger, state chairman of the organization. The two machines in which the ladies made the trip here from Indianapolis are gayly decorated with flags in the party colors of purple, gold and white. The speakers this evening will address the crowd from a machine. Miss Ethel Williams arrived this morning to distribute literature on the purpose of the party, and to make further arrangements for the two meetings.

## HIGHEST EVER PAID FOR NEWWHEAT HERE

Local Elevators Today are Offering  
\$1.13, Which is High Mark in  
Rushville

### AND IT IS GOING HIGHER TOO

The price offered for new wheat on the local market today was the highest ever paid, within the remembrance of Rushville elevator men. T. H. Reed & Son were paying \$1.13 a bushel for the grain that is now coming from the threshing machines and Mr. Reed, who has been in the elevator business here many years, said that it was the high mark for new wheat. Furthermore, he added, the price is going higher.

Threshing that has taken place this week has born out the early prediction that this year's crop would be a very poor yield but that the quality would be good. The very first wheat threshed in the county proved this to be the case. The yield was only fifteen bushels but it tested fifty-nine bushels to the acre. No "banner" crops have yet been reported.

## MUST CUT WEEDS ON ROAD

Attention of Farmers is Called to  
Law Governing This

County and township road officials call attention to the fact that farmers ought to cut the weeds along the road. Many farmers today said that along some of the roads of the county the weeds were taller than the fence and lapped over into the fields. They say that it is a very simple matter for a farmer to take his mower and cut the weeds at the side of the road. There is a state law which says that they shall keep the weeds down along the roads by their farms. The county highway superintendent looks after this matter on the county roads and the township road supervisors on the township roads.

## BEACH GROWING IN POPULARITY

Those Who Visit Place Sunday Will  
be Asked for Contribution  
to Meet Expense

### MANY IMPROVEMENTS MADE

Rushville's bathing beach is growing daily in popularity. Not an afternoon and evening passes but that there are at least a hundred bathers in the water and generally twice as many spectators on the banks sitting in the shade.

Many have been seeking the cooling water on Sunday, until there is hardly room for all the bathers on that day. Last Sunday it was reported over 300 were in the water and tomorrow the crowd promises to be even larger. Arrangements have been made for a refreshment stand at the beach tomorrow for the accommodation of the bathers.

Those who have arranged for the pleasure of the many persons who enjoy swimming have gone to great expense in making the beach attractive and tomorrow donations will be received at the beach to meet the expense. A large pier and diving board has been erected and a cable on which are strung rings and ropes have been stretched across the river. A dressing room for men has just been completed. Women bathers use the old locker house of the gun and country club.

## ASSUME TROOPS WILL NOT LEAVE

Senate Begins Slashing Appropriations in New Army Bill to  
Cover Mexican Emergency

### ABOUT \$7,500,000 LOPPED OFF

(By United Press.)  
Washington, July 22.—On the assumption that the United States troops will not be forced to go into Mexico, the senate today began slashing appropriations carried in the army bill to cover the emergency demands made because of the Mexican situation.

Approximately \$7,500,000 was lopped off, including a reduction from \$6,000,000 to \$1,000,000 for pay of militiamen upon recommendation of Chairman Chamberlain of the military committee.

## WILL BE ASKED TO TAKE A PART

Rush County Motorists Will be In-  
vited to Participate in "His-  
toric Highway Day"

### PART OF STATE CENTENNIAL

All Counties Within Radius of 75  
Miles of Indianapolis to Send  
Delegations

Rush county motorists will be invited to participate in "Historic Highway Day" in Indianapolis October 12, which will be a part of the state-wide celebration, a climax to the county celebrations that are being held.

It is now planned that all counties within a radius of seventy-five miles of Indianapolis shall send delegations, which shall pick up more as they near the state capitol and all arrive there as near the same time as possible. The time for reaching Indianapolis has been designated as noon, it will be necessary for those farther away to motor to the starting point the night before or early that day.

The organization for planning the day is to be by townships and counties. The township committee will include the township trustee, the road supervisor and members from the automobile clubs and road associations. A delegate from it will represent the township organization at meetings of the county committee, which will be made up of the county commissioners, the road superintendent, one township trustee, and representatives from county automobile clubs and road associations.

The routing and timing will be important, for the plan is for the various parties to reach Indianapolis as close together as possible. From the center of Indianapolis, the cars will parade north in Meridian street in double column formation, led by all the bands, playing patriotic music. The parade will proceed to Riverside, where a program, including short speeches by men of national reputation, will be given.

It is announced that the arrangements will be such that a large number of cars may be handled without serious congestion. The Hoosier State Automobile Association is co-operating with the committee in the plan.

Communications in regard to the event are invited by the committee and will be cared for promptly if addressed to the state centennial committee, the Hoosier State Automobile Association, or Dr. I. S. Harold, 523 Newton Claypool building.

## EPIDEMIC TAKES BIG JUMP

Physicians Surprised When Infantile Paralysis Increases

New York, July 22.—The infantile paralysis epidemic took another big jump upward today. Physicians fighting the mysterious malady yesterday, after two days of decline in the number of new cases optimistically predicted the epidemic would soon pass, were astounded today when official reports showed 39 deaths in the last 24 hours—the largest since the epidemic broke out June 6. There were 135 new cases. Yesterday there were only 81 new cases reported and the deaths were only 32.

## WEATHER IS TO CONTINUE HOT

Fellow Who Does The Predicting  
Says That it Will Continue  
Fair Over Sunday

### HOW TO AVOID HEAT'S EFFECT

Doctors Lay Down a Few Rules  
That May be Helpful on Hot  
Days Like These

The present heat wave is to continue indefinitely, the weather man said today. He predicted generally fair weather, with no prospects of a decline in temperature.

But with all that, the weather today was better than any time this week because there was a delightful breeze that could be enjoyed when you were not in the sun. But the sun's rays were hot as usual. The thermometers down town registered close to ninety degrees all day.

Realizing that suffering inevitably follows in the wake of a heat wave, such as the one which is now making Rushville gasp for breath, physicians are helping citizens to avoid unnecessary pain, by giving rules for hot weather dressing and eating.

Rules which are endorsed by physicians are:

Don't overeat. A furnace is not stoked in summer as it is in the winter. Neither should the stomach be overloaded. Partake sparingly of meats. Eat largely of fresh vegetables and fruits. Observe these things in eating and no harm can come to your digestive apparatus.

Avoid alcoholic drinks. Alcohol never made any one cooler.

Be sparing in the use of ice water. It is better to drink ice-cooled water than to drink ice water. By this is meant that water should be put in bottles and cooled on ice. The imbibing of large quantities of ice cold fluids may produce serious gastric disturbances. Drink plenty of water, but not too cold.

Light-colored clothes loosely worn, keep off the sun's rays and allow the skin to perform its functions naturally.

Prolonged exercise in the middle of the day or in the sun is to be avoided.

Keep in the air as much as possible, and in the shade. Sleep outdoors.

Screen the porch, if possible and sleep in the open.

Cold baths are to be avoided. Lukewarm baths and sponge baths are better, although too many should not be taken.

Don't fret about the weather, but try to forget it, is another of the rules on which opinion is unanimous.

## TO FIGHT THE BLACK LIST

Fifty New York Firms, Nearly All  
Germans, to Combat British

(By United Press.)  
New York, July 22.—Fifty of the New York firms named in the British black list banded together today in a permanent organization to fight the embargo. A committee of five met and decided shortly to confer with President Wilson. The firms, most of which are composed of German-Americans, all say the black list is part of a world scheme by England to drive the Germans out of business.

## IS REMOVED TO EL PASO

Murderer of His Wife and Army  
Officer Still Silent

(By United Press.)  
El Paso, Texas, July 22.—Apparently dazed and badly frightened, Henry J. Butler, charged with the murder of his wife and Lieutenant Colonel M. C. Butler at Alpine, was brought here today by the sheriff of Brewster county. Spannell still refused to discuss his reasons for shooting Butler after inviting him on an automobile trip.

## TO DETERMINE THE STATUS OF OFFICER

Colonel J. A. Gaston to Decide  
Whether Lieut. Col. Butler  
Was "In Line of Duty"

### SHOT WHILE WITH WOMAN

(By United Press.)  
San Antonio, Texas, July 22.—Colonel J. A. Gaston was instructed by the southern department today to go to Alpine from his headquarters at Marfa to investigate the shooting of Lieutenant Colonel M. C. Butler.

Gaston will decide whether Butler was killed in the "line of duty," which will determine whether his widow will get a pension. If Butler had a moral right to be with Mrs. Spannell, he will be considered to have been shot while in the "line of duty."

Harry J. Spannell, who shot and killed his wife and Butler, has been spirited away from Alpine to protect him from possible mob violence, it was learned today. It is thought he was taken to Marfa.

## GET EVIDENCE ON MEXICAN QUESTION

Republicans Expect to Make it  
Campaign Issue, Judging From  
Harry Lane Wilson's Visit

### IS CONSULTED BY LEADERS

(By United Press.)  
New York, July 22.—That the Republicans are gathering all possible evidence on the Mexican situation for a campaign issue was indicated today when Henry Lane Wilson of Indiana, former Mexican ambassador, went into a long conference with Chairman Wilcox of the Republican national committee.

Wilson refused to state what his business was with the chairman but indicated he was there to discuss the problem of Mexico and to outline the weakness of the present administration policy. This is the second call Wilson has made at Republican headquarters. Yesterday Nelson O'Shaughnessy spent some time with G. O. P. leaders.

"The election will take place in November," said Wilcox today, when asked to comment on the statistics on the Progressive vote issued from Democratic headquarters yesterday.

Mrs. Helen H. Pierson, administratrix of the estate of Maria Smelser, deceased, has filed a petition to sell real estate to pay debts. The petition stated that she has in her possession the sum of \$5,643.32 and the indebtedness amounts to \$13,259.93.

## TENACITY IS UNDERSTOOD

Germans Had Natural Protection  
Which Caused Them to Hold  
Their Positions

### ARE BEING SWEEP AWAY NOW

Foureaux and Deville Woods are  
Being Denuded by Allied Shot  
and Explosive Gas

(By United Press.)  
London, July 23.—General Haig reported today progress of an intense artillery combat along the British front. For the past twelve hours the guns on both sides have roared and the Germans have poured gas and shells into the British front lines.

For the first time since the allies great push started, the Germans are losing the advantage of defenses furnished by nature. Official dispatches today indicate that with impending capture by General Haig's forces of the whole of Foureaux and Deville woods, the German forces in this particular sector will be swept out of the last vestige of natural protection.

This explains the tenacity with which the Tuetons have clung to these two spots now being steadily reduced by a tornado of British artillery fire to a blackened area of stumps and holes in the ground.

## LET CONTRACTS FOR FOUR BRIDGES

Four Award's Total \$2,765, Two  
Not Being Let Because no  
Bids Were Made on One.

### ONLY ONE BID ON THE OTHER

Contracts for bridges totalling \$2,765 were let this afternoon by the board of commissioners. This sum is to be spent for four bridges. Two other bridges were not awarded. On one of these the commissioners received but one bid and on the other failed to receive a single bid.

The Helman bridge in Richland township was awarded to Amos Stevens, the contract price being \$850. The Burke Construction company of Newcastle bid \$950 on this bridge.

Lawrence and Ennis of Arlington were given the Crane and Riggsbee bridges at a price of \$1,215 for both structures. N. R. Farlow bid \$647 for the Crane road.

The Burk construction was awarded the contract for the Chambers bridge at a price of \$700. This was the only bid. This firm also bid \$725 for the Logan bridge but the commissioners refused to award the contract. No bids were received on the Hungerford bridge. The contractors explained that the estimate was too low. The estimate was placed at \$750 and contractors stated that the cost alone would be about \$900. It is planned to raise the estimate of this bridge and re-advertise both the Hungerford and Logan bridges.

George Woody and family and Harry Kalb and family of Indianapolis arrived today to spend 16 days at the Green cottage on Flatrock.

Quality First

## THE NEW WAY TO SPELL ECONOMY— C-H-A-L-M-E-R-S

A cheap piece of machinery, like the boy with a little knowledge, is sometimes a dangerous thing.

Men are buying better and better lawn mowers, and reapers, and printing presses, and gasoline engines and pumps.

Why? Because they find it pays.

Probably there's no better example of this in the case of automobiles than Chalmers cars.

Figures show that over 75% of men who have bought Chalmers cars this year previously owned a \$500, \$600 or \$800 car.

And the great big increase in Chalmers sales (792% in six months) has come from towns just like this.

In the old days Chalmers cars were sold for the most part in towns like New York and Chicago.

You can find Chalmers cars most any time of the day in most any block in such towns even now.

But in the smaller communities Chalmers cars are most numerous today. Because the people in towns like this were quickest to see the value, note the endurance, and observe the wonderful performance.

Particularly of this 3400 r. p. m. Chalmers, which is, in our opinion, the most able car that ever came to this town.

Price \$1090 Detroit, a car well worth \$1400.

## PUBLIC GAINS BY THIS SCRAP

Restaurant Men in Indianapolis Are at War Slashing Prices in Every Direction.

### "SELF-SERVE" KIND INVOLVED

Most of Them Have Followed Example of One Run by Women —Good For Businessman.

(By United Press.) Indianapolis, Ind., July 22.—The unheard of, a restaurant war, has been declared in Indianapolis with terrific slaughter to the profits of restaurateurs and enormous gains for Mr. Business Man who must eat his lunch down-town. The war, which broke out about two months ago and which now is raging on all sectors, has sent prices scurrying downward until the cost of meals at Indianapolis restaurants is lowest in years.

The war is being waged not by the whole class of restaurants, but by cafeterias or "self-serve" eating places. In this class of eating places the Hoosier capital claims first rank among American cities, and, according to traveling men, Indianapolis has more cafeterias per population than any other city in the country.

The conflict started when a new "carry your plate and take your choice" place opened near the busiest corner of the city. The other "self-serves" promptly started a drive aimed to put the new place out of business through price cutting. Because of its central location the new-comer survived while one of the price-cutting cafeterias—the first ever established in the city—was forced to close.

The next phase of the war began a few weeks ago when a new cafeteria owned and run by several women hoisted its sign on one of the city's busiest streets. Its prices were much lower than any of the others had dared to go in their price-cutting. For two weeks the "up-start" prospered, with its table crowded and a seemingly endless procession of tray-carriers passing through it. Then the defensive cafeterias began their attack with price-cutting. One of the oldest in the city led off with a 3-cent reduction in meat orders and other reductions accordingly. Most of the others fell in line, a few however, posting signs saying that they offered "quality at the lowest possible price."

Thus the war goes merrily on while the public eats at a low cost after years of "h. c. l."

### With The Churches

—Regular services will be held at St. Mary's Catholic church Sunday morning at seven and nine o'clock.

—The United Presbyterian church Sabbath school and preaching 10 o'clock; Intermediate C. U., 6:30; at 7:30 the congregation will unite with the First Presbyterian congregation for the evening service. Prayer meeting Thursday evening 7:30.

—The St. Paul's M. E. church will hold the following services for next week: Sunday School at 9:30 a. m.; preaching by pastor at 10:30 and 7 o'clock. The evening service is a combined service of the Epworth League and church and if the weather permits will be held on the lawn east of the church. Leader for Epworth League, Mrs. Esther McCloud. Midweek prayer service, Thursday evening at 7:30 p. m.

—Services for the First Baptist church for Sunday are as follows: Bible school at 9:30 with combined service; Preaching at 10:30; subject of sermon, "God's Building." Morning services in assembly room of court house. Evening service, union meeting at Christian church at 7:30 p. m. Subject of sermon, "A Remarkable Bathing Pool." Thursday at 7:30 p. m. in assembly room of court house, a special business meeting.

Peoples National Bank Building, Suite No. 4  
Notary Public

—Mr. and Mrs. Frank Powers  
and daughter, Dorothy, of Wichita,  
Kan. arrived today for a visit with  
John Powers of North Main street.

—Mr. and Mrs. Wilbur Holland  
and family and Mr. and Mrs. Par-  
sons of Brownsburg will spend Sun-  
day as the guests of Mr. and Mrs.  
Charles Offutt of this city.

—Mrs. Edwin Jeffries of Conners-  
ville came yesterday afternoon to  
spend the week-end with her mother,  
Mrs. William Offutt of this city. She  
will be joined this evening by Mr.  
Jeffries who will spend Sunday here.

—Mrs. John Scott and two sons,  
Walton and John, Jr., of Indiana-  
polis will come this evening for a  
visit over Sunday with her mother,  
Mrs. Mary Walton.

—Miss Grace Wheaton of Cincin-  
nati will arrive tomorrow for a  
week's visit with her cousin, Miss  
Ramona Ewbank of northeast of the  
city.

—Mrs. Joseph Silcox and daugh-  
ters returned to their home in Chi-  
cago today after a visit with Mrs.  
Silcox's brother, John Brown and  
family of this city.

—Mr. and Mrs. E. L. Kennedy  
and Mr. and Mrs. Karl Kennedy  
went to Connersville this afternoon  
where they will spend Sunday with  
friends and relatives.

—Mrs. J. H. McNeil and daugh-  
ter, Miss Josephine, of Winchester,  
Ky., have returned to this city after  
a visit in Kokomo for a stay with  
Mr. and Mrs. George C. Wyatt and  
daughter, Miss Wanda, before re-  
turning to their home.

—Mrs. Charles Sturgis returned  
to her home in Greensburg last  
evening after a short visit with her  
daughter, Mrs. Fred Arbucke of  
this city. Clarence Layton of  
Greensburg, the brother of Mrs.  
Arbucke, remained for a visit of  
several days.

—George Kelley, age 58 years,  
whose home was unknown, died at  
the city hospital in Indianapolis  
from the effects of injuries sus-

## Amusements

Herbert Rawlinson and Francella  
Billington will be seen in a two act  
Gold Seal comedy-drama at the Gem  
today. Miss Billie Rhodes and Ray  
Gallagher will also be seen in a very  
funny Nester comedy entitled "His  
Neighbor's Wife." Three other good  
reels will also be shown. Monday,  
matinee and night the five act Pathe  
Gold Rooster Play "Big Jim Gar-  
rity" is the attraction. Robert Ede-  
son the distinguished stage star is  
featured. It is a drama of tense  
thrills and great human interest.

The Princess will show the two  
act drama "A Return to Youth—and  
Trouble" for the first picture to-  
night. Lillian Drew and Edward Ar-  
nold are featured and the story is  
true to life. The second picture is  
a comedy entitled, "Out Ag'in.  
In Ag'in." Hughie Mack and Kate  
Price are featured. The last is a  
western picture "The Sheriff's  
Duty." Joe Ryan and Betty Keller  
are featured. Monday, matinee and  
night the five act feature "Mrs.  
Dane's Danger" will be shown in  
which William Dunn and L. Rogers  
Lytton are featured.

tained last Saturday night by an  
outbound I & C. traction car near  
the junction. The motorman said  
Kelley evidently was trying to board  
the car but stood too close to it.

E. A. Matney of New Salem has  
a freak potato. It is one whose  
eyes literally popped out and turned  
into small potatoes. Many old po-  
tatoes that have lain in the cellar  
have been known to send out long  
sprouts, but this is said to be the  
first one on record that developed  
full grown potatoes. There are two  
on the "parent" tuber and both are  
developed just like a potato that is  
grown on a vine.

## Beveridge's Statement.

Albert J. Beveridge, who was the Progressive nominee for U. S. senator from Indiana during the 1914 campaign, has announced his intention to support the Republican party during the present campaign. After a three hour conference with Charles Evans Hughes, Republican nominee for the Presidency, Mr. Beveridge gave out the following statement:

"The Progressive party as an organized party no longer exists. People have many opinions as to the causes that produced this condition, but it is useless to discuss them, for the fact itself stares us in the face.

"Therefore Progressives must

## COULD NOT WALK

And For Four Years, Could Not Stand Without Support.

Chillicothe, Ohio—"Nothing pleases me more than to speak a word of praise for Cardui, the woman's tonic," says Mrs. Ed Davis, of this town, "for I firmly believe that it snatched me from the grave.

I have been married 14 years, and had two children. After the youngest was born, I was not able to walk, and for four years, I was not strong enough to stand on my feet five minutes at the time, without something to support me.

Nothing seemed to do me any good, until, finally, I commenced using Cardui, the woman's tonic. I only used about four bottles, but, today I am well, can do my work, and walk as far as I want to.

I can never praise Cardui enough, and my neighbors cannot get done wondering at the change in me."

You, too, can depend on Cardui, because Cardui is a gentle, harmless, vegetable tonic, that can do you nothing but good.

Prepared from vegetable herbs, Cardui has a specific effect on the womanly constitution, and puts strength where it is needed.

Try Cardui. NCB

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

either refrain from voting for President at all or support the candidate of some other party. I shall vote for Mr. Hughes. In taking this stand I do not make nor imply any criticism of Progressives who may decide differently. I personally know large numbers of these men and women and hold them in the highest regard and esteem. Whatever they individually determine to do will be the result of their mature judgment arrived at conscientiously.

"I have known Mr. Hughes. He is, above all, a straightforward man, trustworthy and dependable. He means what he says and says what he means. I trust him, like him, am his friend and shall support him.

"The work on which I am engaged—the writing of the life of Chief Justice Marshall—has absolutely prevented all political activity on my part for the last eighteen months; in case the demands of this work are such as to permit me to take any part in the campaign I shall give my reasons on the stump for my conviction that the welfare of the country demands the election of Mr. Hughes.

## The Difference.

The rapidity with which Col. Roosevelt's proposed division of recruits has been filled up with volunteers who would fight with him in Mexico must be something of a shock to the War Department as it compares the Colonel's overflowing muster-rolls with the tardy recruiting at the camps of the National Guard whom Wilson has summoned to service on the border. It only illustrates, however, how ready the American people are to respond to the proper leadership. Americans have no love for the inept and the ineffective. What they want is action—sharp and decisive. The great reason why the ranks of the National Guard have proven so difficult to fill and the real reason why the troops who have marched away have gone with little or no enthusiasm for their task is that the whole Mexican venture as it stands today has been clouded by the years of indecision and humiliation which "watchful waiting" has to its credit. If the men of the Guard now thought that Wilson meant business they would have shouldered their guns with alacrity; and if the people generally had thought that we were at last to behold a nation in action, the mobilization camps could not have held the numbers who would have flocked to the colors.

The mobilization of the militia gave the country the hope that the period of "watchful waiting" was ended. But that pleasurable thought existed for a few days only. We are plainly in for another season of experimentation in Mexico, while the mobilized militia costs the country millions of dollars.

It was something more than a century ago that this infant Republic refused to pay tribute to the Barbary pirates, and Decatur and his comrades gave imperishable fame to the American Navy in maintaining that refusal. Now, it seems, however, that we are to pay money to Carranza to be good. The fact that the transaction is designated as a loan does not alter its essential character.

How Matthew Hale, the Progressive boss of Massachusetts must regret that he has only one to give to the third party ticket.

GOOD SEWAGE  
IS NECESSARY

Indiana Cities Must Work Out Plan of Disposing of This in Order to Get Good Water

## RIVER WATER IS NOT FIT

Filtration Plans are Used to Make Supply Pure—Water Famine is Threatened in State

(U. P. Staff Correspondent.)

Indianapolis, July 2—In view of the threatened famine of well water for Indiana cities and the consequent change to reservoirs impounding surface water, a change must come in the system of sewage disposal according to leading Indiana engineers.

"Indiana cities must work out a plan of disposing of sewage by means of the septic tank system within 25 or 30 years, said B. J. T. Jepp, sewage engineer of the Indianapolis Water company, today. "It is absolutely necessary that Indianapolis work out a plan for the disposal of the city's sewage that will preclude the unloading of sewage on the cities of southern Indiana whose source of water supply is White River."

The water of Indiana rivers now is entirely unfit for human use according to sanitary engineers. The engineers assert that there is not a river in the state the water of which is not polluted beyond use. If the water of these rivers must be used, as it appears it will be, say the experts, some method of purifying it must be adopted.

Because of the sewage unloaded in the northern Indiana streams practically every southern Indiana city has been forced to install a filtration plant. Because of the sewage dumped into Lake Michigan by the city of Chicago and northern Indiana cities, which obtain their water from the lake have been forced to install filtration plants.

The only safe way to guard the Indiana water supply, according to the engineers, is the installation of septic sewage disposal plants in every city.

—“and here's your  
Aetna check”

Mighty nice of the folk to bring flowers and fruit. But of all the gifts, nothing is so comforting as this Aetna check for \$250 every four weeks.

I've had some siege of it here—over two months since the boiler explosion in the factory. Doubt if I'd have pulled through if my mind hadn't been at ease about my family. Knew, too, that if I did pass out, they'd be taken care of with the \$15,000 they'd get in indemnity and increases, from my AETNA DISABILITY POLICY.

As it is, even when I get home, every four weeks \$200 will be coming to me while I'm in bed and then \$25 a week until I'm able to tackle the job again.

Often takes an experience like this to make a man want to

## Current Comments

## Speaking of Concession.

(Muncie Press)

Says an exchange: "The headlines in certain newspapers indicate keen disappointment because the president has obtained concessions from Carranza without sacrifice of the boys of the national guard."

This crude statement, if we ignore the intimation that certain newspapers want some of the national guardsmen shot in Mexico—which is beneath contempt—brings forth the natural query as to just what concessions have been secured from Carranza.

According to the information which has become public the United States troops went into Mexico to capture Villa after that worthy, using ammunition and guns made in the United States, had murdered and robbed American citizens along the border.

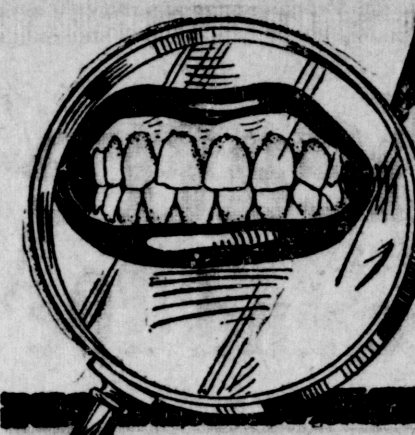

For a time the American expedition made excellent headway. Then it was compelled to encounter Carranza opposition and was stopped while the president commenced the writing of another series of notes. Some of our regulars were trapped and their bodies shipped home in wooden boxes. For a time it seemed as though war between the United States and Carranza inevitable. Then suddenly the war clouds cleared away. But as yet nobody has heard of any concessions from Carranza. On the other hand, semi-official hints and intimations from Washington have led the public to believe that in spite of the murder of American soldiers in Mexico it is our government which has humiliated itself by making concessions. The expedition into Mexico has accomplished next to nothing, aside from the murder of American troopers and the spending of a lot of money. Villa is apparently today stronger than he has been in months and may soon control northern Mexico again.

But this lack of accomplishment in Mexico is due not to the inability of American soldiers but to the uncertain and shifting policy of the United States government. The killing of American soldiers by Carranza troops was due indirectly to the refusal of President Wilson to order our soldiers out of Mexico. The Carranza attitude suddenly changed. Somebody made a concession, it is true, but we are led to believe that it lies in the fact that American troops will be withdrawn from Mexico within the next few months—maybe not before the election—and that the border will be patrolled by "international" forces. Which means that Uncle Sam will retire from Mexico for the second time within three years without accomplishing his object and that American troops patrolling our own border will have to associate with and in the long run be dictated to by Carranza bandits going under the name of "Soldiers of the Mexican Republic." And even this unsatisfactory compromise will be only temporary because there is no telling just when Carranza will cease to be a dominating factor in Mexico.

There is no doubt that concessions have been made but they have come from the United States—which has again been humbled by cactus diplomacy—and not from Carranza.

Everybody would be thankful if the Mexican problem could be solved without the shedding of the blood of our national guardsmen, and of all citizens of the United States. But the blood of innocent and inoffensive private American citizens has already been shed by Mexicans and American soldiers have been murdered with impunity. And the American people are going to call for a real reckoning, the day of which is not far distant.

But as to concessions—give the devil his dues. Carranza has received them, not given them. We have failed in every object we have had in Mexico during this administration and have been thoroughly licked diplomatically. There is no need denying that. The American public knows it and the whole world knows it. Only the blindest supporters of the present administration seems unaware of it. To win a diplomatic victory some desired object must be accomplished. Nothing so far has been accomplished in Mexico but the wasting of money and the killing of a few more American soldiers

A Discovery  
about your  
TEETH

Tonight, if you will closely examine your teeth after brushing them, you will make a surprising discovery. Though you have been cleaning your teeth regularly, you will find an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. Your dentifrice has not been REALLY CLEANING!

Loss of teeth is usually due to one of two conditions—Pyorrhea or Decay—both of which ordinarily develop only in the mouth where germ-laden tartar is present.

CLEAN your teeth—REALLY CLEAN them! Senreco, a dental specialist's formula will do it. Senreco embodies specially prepared, soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea. Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect yourself against Pyorrhea and decay. Send 4c to Senreco 304 Walnut St., Cincinnati, Ohio, for trial package.

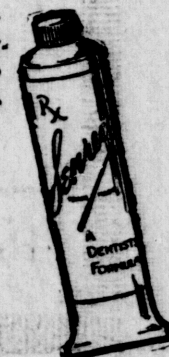

"PREPAREDNESS"

See your dentist twice yearly

## PAYS TRIBUTE TO HARRIE JONES

E. L. Churchill, Writing to Enquirer From Eaton, Ohio, Gives History of Local Trainer.

### RUSHVILLE, HOME OF HORSES

Says There are no Other Places its Size Having Seen so Many 2:30 Performers

Writing in the Cincinnati Enquirer under an Eaton, Ohio date line, E. L. Churchill pays tribute to Harrie Jones, local fast horse trainer, giving a history of his work, and dwells on the fast horse industry of Rushville. He writes as follows:

Among the younger set of trainers and drivers of the light-harness horse that have been in the limelight of recent years, is Harrie Jones, of Rushville, Ind.

Rushville has been the home, either temporary, or the birth place of many famous stallions, including the great speed progenitor, Blue Buell 75 the "hero of Flat Rock," as he was known.

I doubt if there is another place in the country the size of Rushville, Ind., where more 2:30 performers have been bred, or where more fast race horses have had a temporary home during the training season.

Harrie Jones grew to manhood in the little city of Rushville, and as his father was one of the older school of trainers and race drivers, his chosen life work came to him as a duck takes to water. He has earned a reputation for himself as both a careful trainer and skillful race driver, and has also taken a position in the front rank of the famous harness horsemen of the present day.

In 1891, two decades ago, when but a youngster, Harrie started fighting a race driver's battles with Black Wilkes, giving him a record of 2:29 1/2 that year. Two others of his stable then were Polka Dot 2:28 and Geneva Wilkes (2:23 1/2). Soon after this trio of high-wheel winners came Dolly Brown, p. (2:16 1/2). Jones' first shy at the Grand Circuiters was with the pacer Cyclone (2:11 1/2), that he took through the big circuit in 1893, and on to Nashville, Tenn.

In 1894 he had two good race horses in the trotter Raven Wilkes (2:15 1/2), and the pacer Nellie F. (2:13 1/2). That same year Mr. Jones visited the Williams meeting at Galesburg, Ill., those meetings at that time being long affairs, sometimes lasting as long as 4 weeks at a stretch. With Raven Wilkes and Nellie F. he won one race, and was a second money winner in more than 20 other events. The only \$5,000 pacing stake ever given at Galesburg was in 1904 for the 2:19 class, and it was won by Mr. Jones with his good mare Fantine (2:06 1/2) by Shirley Boy. Fantine secured her record in the first heat of the 2:09 pace at Lexington, Ky., that fall. Jones accomplished wonders with the blind pacing stallion New Richmond, giving him a record of 2:07 1/2 in 1904, after a number of trainers had given the son of Brown Hal (2:12 1/2) up as a counterfeit. When Jones took him in hand, it was his first aim to gain his confidence, which he succeeded in doing, winning four out of five races with him and one second.

Harrie Jones drove the pacer Al-len G. to a record of 2:10 in 1898, it being his first horse to enter the charmed circle and in 1899 he drove the pacing stallion Alatus to a mark of 2:09 1/2. In 1906 Red Tell (2:08 1/2) took a Jones record. In 1907 he had the pacer Sigma C. (2:09 1/2).

One of the fastest pacers ever developed by Mr. Jones was the stallion Gordon Prince, Jr., (2:07 1/2) that made his initial start at Terre Haute, Ind., July 17, 1908, in that memorable world's record five-heat race between Minor Heir (1:58 1/2) and The Eel (2:02 1/2), in which the heats were placed in 2:01 1/2, 2:01, 2:05 1/2, 2:08, 2:07. Gordon Prince, Jr., was the only one of a field of seven besides The Eel to beat the flag the second heat in 2:01. He raced free-

legged and was separately timed this heat in 2:03 1/2. The same year Jones gave those two other noted pacing stallions, John Ward (2:05 1/2), their records in races.

In 1909 Mr. Jones raced the pacer 2:09 1/2. Nineteen ten was a good 2:09 1/2. Nineteen ten was a good Jones year, even if the "Hoosier" had did have to race a pacer of the most erratic sort. We refer to the roan mare Aleyfras, that he marked in 2:03 1/2. She was a mare that possessed extreme speed, but with bad manners at the score. She was handled carefully by Mr. Jones all season, as it took such patience to keep the little "wigger" in racing notion.

That season she went a number of sensational miles, the most notable of which was when she forced Ross K to his record of 2:01 1/2 and was officially timed in 2:01 1/2.

Lady Winwood was another good pacer in the Jones stable in 1910, and she closed the season with a record of 2:09 1/2.

The Jones stable made a successful and splendid campaign in 1911, winning 29 first monies, 15 seconds, 7 thirds, 10 fourths and only 8 times unplaced out of the 69 starts that year. The total winnings were the snug sum of \$12,135.

His good winners of 1911, he giving them their fastest records, were Aleyfras, George Gano and The Hermitage (2:09 1/2). In 1911 Aleyfras raced good for Mr. Jones, forcing Evelyn W to a mile in 2:01 1/2 in a race at Indianapolis, and with her Jones set the world's record, which still stands, for pacing mares on a half-mile track, 2:04 1/2. The same year, at Ft. Wayne, Ind., Jones acquired the distinction of being the only trainer in the United States to mark two horses that year in 2:03 1/2 and better, which he did by marking George Gano with his present record of 2:02 and Aleyfras, 2:03 1/2.

It seems that Harrie Jones can get along with an erratic pacer just a little better than the average trainer, as was displayed again during the racing season of 1912, when he had those bad actors, College Jim, which he gave a record of 2:06 1/2, losing but one race with him, and the trotter Coplin, which he gave a record of 2:11 1/2. Jones has a firm and light hand, and it is wonderful what a change he made in the above-named horses after they had joined his stable.

Besides the two above named Jones marked during 1911 Mabel B. 2:07; The Hermitage, 2:09 1/2, and the trotting mare Katherine R. 2:11 1/2 and 18 others in better than 2:30.

In 1913 Jones raced one of the best pacers out, the white horse, Harry The Ghost, that he gave a record of 2:04 1/2 and it looked as though he could at any time have marked him in 2:02 or better. He also raced with success Red S, that he gave a record of 2:08 1/2; Joe Lederer, that he gave a record of 2:10, and the trotting mare Helen Wilstar, that he had second in several heats around 2:09 and 2:10, besides five or six others that he had racing from 2:10 to 2:12.

In 1914 Harrie raced his horses mostly over the half-mile tracks, winning a number of races, hitting the mile ovals at Indianapolis, Ind., and Springfield, Ill., both being state fair meetings, and his horses carried the Jones colors to victory in a number of races. He marked Moonbeam 2:06 1/2 and Fred Russell 2:08 1/2 that year, also the Importer 2:09 1/2. Fred Russell has since joined the 2:05 list. In 1915 Mr. Jones raced a good stable of horses his fastest record performer being the pacer, Fay Richmond, 2:03 1/2, that he sold for the reported price of \$3,000 during the fall trots at Lexington, Ky., after winning a notable racing event. The following list includes the fast pacers that were given their fastest records by Harrie Jones:

George Gano, 2:02; Aleyfras, 2:03 1/2; Harry The Ghost, 2:04 1/2; John Ward, 2:05 1/2; McKaig Simmons, 2:05 1/2; Fantine, 2:06 1/2; College Jim, 2:06 1/2; Mabel B. 2:07; Gordon Prince, Jr., 2:07 1/2; New Richmond, 2:07 1/2; Earnseal, 2:07 1/2; Red S, 2:08 1/2; Red Tell, 2:08 1/2; Ailsie Allen, 2:08 1/2; The Hermitage, 2:09 1/2; Edwin T. 2:09 1/2; Alatus, 2:09 1/2; Billy Bryan, 2:09 1/2; Ellen G. 2:09 1/2; Lady Winwood, 2:09 1/2; Woodland Bay, 2:09 1/2; Sigma C. 2:09 1/2; Allen G. 2:10; Joe Lederer, 2:10.

Mr. Jones owns the mile track training plant known as Riverside Park, near the city of Rushville,

## SINGLE G. SETS WORLD MARK

Cambridge City Pacer Piloted by  
Curt Gosnell Paces Fastest  
3 Heats Ever Paced

AVERAGE IS NEAR 2 MINUTES

Also Takes World's Record for Fastest Second and Third Heats by Same Horse

Cleveland, O., July 22.—All season's and two world's records went by the boards in the free-for-all pace at the last day of the North Randall Grand Circuit races in which Single G. created a sensation after Russell Boy had won the opening heat in 2:00 1/2 by coming on and nosing out Murphy's pacer in the second heat, duplicating the time of the first mile and then taking the race by tramping the third heat in 2:01 1/2.

It was by all odds the greatest speed exhibition in the history of the Grand Circuit and in only the special match races between Directum I and William was the time even approached.

The world's records were:  
The fastest three heats ever paced, the three heats averaging 2:00 92-100.

The fastest second and third heats ever paced by the same horse, averaging 2:01.

The season's records:  
Fastest first heat, 2:00 1/2; fastest second heat, 2:00 1/2; fastest third heat, 2:01 1/2; fastest three-heat race, averaging 2:00 92-100.

It was a wonderful race, and fully lived up to early predictions, and the only reason that the two-minute notch was not beaten was that Murphy took back and saved Russell Boy at the finish of the first heat and Curt Gosnell did the same with Single G. in the second mile. Otherwise both miles would have been below the two-minute notch.

Single G. crowned himself as one of the greatest pacing machines in the history of the harness sport. He raced like a real race horse—trailed, burst out and when compelled to, made a pace that killed off those that tried to follow in his path.

That they can sometimes come back was shown in the 2:06 trot, when Joan, beautifully driven by Mike McDevitt, romped off with the race in straight heats, and looked like the Joan of two years ago, when she was practically unbeatable.

Castaway, the Cleveland pacer that once sold for \$55 won the 2:18 pace by taking the first and third heats, while Contention B was the winner in the second mile.

Donna Clay kicked everything wide open in the 2:13 trot when Charley Valentine piloted her to first money by winning the first and second heats and trimming the heavy favorite, Worthy Prince.

Ind., and seldom a season passes that visitors to his plant see less than a half hundred trotters and pacers in training.

## Social Calendar

## Saturday

## Monday

Tri Kappa, with Mrs. Harry Osborne at 329 North Perkins street at 2:30 p. m.

## IN MANILLA

Mr. and Mrs. O. C. Macy of Manilla are giving a dinner party for a number of their friends tomorrow.

## WITH MRS. PETRY

Mrs. John Boyd, Mrs. Mary E. Hinkle, and Mrs. C. W. Hinkle were entertained by Mrs. Petry at her home in North Sexton street Thursday. Prettily appointed meals were served both at noon and in the evening.

## HOUSE GUESTS.

Arriving Tuesday, Mrs. Hal Kitchen, Mrs. Ed Batterton, and Mrs. Fred Thomas of Greensburg, will be the guests of Dr. and Mrs. Carl Beher at their home in North Main street for several days.

## AT CONNERSVILLE

According to the Connerville News, Mrs. Joseph Clark of this city, who has been visiting in Connerville, was among the guests at the meeting of the Twelfth Street Sewing Club held with Miss Louise Barker there Thursday afternoon.

## 86TH BIRTHDAY

Celebrating his 86th birthday, Theodore Abererombie of North Main street will celebrate at his home tomorrow by giving a family dinner. Invited in to help him enjoy the event are, Mr. and Mrs. John Abererombie and son, John, Mr. and Mrs. Guy Abererombie and daughter, Laurett, and Mrs. Minnie Abererombie.

## WITH MISS SCHOLL

Miss Irene Cunningham of Rossville, Ill., spent last evening with Miss Marian Scholl of North Jackson street, who was a school friend of hers at Jacksonville, Ill. Miss Cunningham left this morning en route to Indianapolis, where accompanied by a party, she will motor to French Lick. Miss Scholl gave a theatre party in her honor, last evening, which was followed by a visit to the Greeks. The young ladies invited in this way to meet her were the Misses Leah Flint, Jean McClanahan, Freda Schatz, and Marian Sparks.

On Monday, Miss Mable Pawling of Terre Haute, Miss Scholl's roommate at Jacksonville, will arrive here for a week's visit.

## FOR EMBROIDERY CLUB

For the members of the Friday Afternoon Embroidery Club and a few invited guests, Miss Estelle Jones entertained yesterday afternoon. The dainty color scheme of yellow and white was particularly fortunate one at this season of the year when lovely summer flowers abound. Boquets of marigold graced the rooms where the guests were entertained informally. Nasturtiums, too, aided in carrying out the color scheme.

And in the dining room, a huge bouquet of yellow flowers of every kind was in the center of the table. Smaller bouquets of corresponding blossoms were also arranged there. The buffet luncheon, which was really a fried chicken dinner, was served to the guests, carrying out the color scheme in its appointments. Among the guests who numbered about 20 was Miss Helen Osterberg of Minneapolis, Minn.

## SUNDAY DINNER.

Mr. and Mrs. Russel Barringer will entertain at dinner tomorrow Mr. and Mrs. Fred Brown and Mr. and Mrs. Claude Smith, and daughter at their home in North Perkins street.

## FOR GUESTS

Mrs. Buford Winship is entertaining at dinner this evening at her home in East Second street for Miss Hazel Gallagher and Miss Kathleen Ryan of Muncie. The guests are the Misses Irene, Theresa and Helen Reardon, and Sylvia and Mayme Mullins.

## FOR SOUTHERN GUESTS

Summer flowers of all kinds were banked about the home of Miss Dorothy Sparks yesterday afternoon when she, assisted by Miss Lois Reeves and Miss Dorothy Mulno, held open house in honor of Miss Lillian Bell and Miss Kathryn Hutchinson their house-guest from Huntington, W. Va. The chandeliers were twined with greenery, the mantles were banked with rows of bouquets of tiger lilies, nasturtiums, roses, ragged robin, marigold and variegated summer flowers.

The guests were greeted at the door by little Miss Margaret Guffin, in a lovely summer frock. In the receiving line were the Misses Dorothy Sparks, Lillian Bell, Lois Reeves Kathryn Hutchinson and Dorothy Mulno. The hostesses, were assisted in receiving by Mary Louise Bliss, Marion Sparks, Beatrice Reeves and Ester Anderson.

After the visitors had met the two charming southern guests, the afternoon was spent informally mingling about while the strains from the Victrola wafted through the rooms.

In the dining room, where the table was decorated with a large and several smaller bouquets surrounding it of ragged robin, the chandelier was draped with greenery, and other bouquets of flowers scented the room. Mrs. Robert L. Tompkins presided at the table serving the refreshing ice. Assisting in the dining room were Mrs. Will Sparks, the Kathryn Guffin, Helen Frazee, Kathryn Wooden and Margaret Ball.

Last evening the festivities were continued when a number of the young people were invited in for an informal party at the home of Miss Sparks, with the same hostesses entertaining. The evenings' pleasures during which dainty refreshments were served, were followed by an automobile ride. Guests at the affair last evening were the Misses Kathryn Hutchinson, Lillian Bell, Kathryn Wooden, Lois Reeves, Dorothy Mulno, Helen Frazee, Mary Louise Bliss, Kathryn Guffin, Margaret Ball, and Esther Anderson, and Duane Reed, Lucien Anderson, Alfred Norris, Laurence Payne, Wallace Payne, Norman Reed, Harold Wolcott, Paul Parrish, Howard Stiers, Harry Schmalzel, and Hubert Alexander.

This afternoon, the group of girls will form a swimming party at the new bathing beach. Tuesday, when Miss Marjorie Curdick, of Huntington, W. Va., will arrive to join the houseparty, Miss Lois Reeves will give a six o'clock dinner for some of her girl friends, followed by an informal party when the young men will be invited in. A slumber party will complete this series given by Miss Reeves, honoring the guests.

On Thursday evening, a party motored to Knightstown. They were the Misses Dorothy Sparks, Dorothy Mulno, Kathryn Hutchinson, Lillian Bell, Lois Reeves, Mary Louise Bliss, Laurence Payne and Hubert Alexander.

## Attractive Girl Is A Guest Here

One of the houseparty guests of Miss Margaret Gray at her home east of the city, is Miss Helen Forsythe of Indianapolis, a very attractive young lady who has made more friends with each of her frequent visits in the city.

## VARNISHED TABLE SPOTS

The white spots which appear on the top of the table, due to the accidental application of heat from hot dishes need not worry a careful housewife long if she will remember that the original appearance of the varnish may be restored by simply reforming its surface. To do this it is necessary to apply some varnish solvent—not varnish remover—and then allow it to dry. The most easily obtained solvents are alcohol and ammonia. Moisten a bit of clean cloth with the solvent, rub it quickly over the white spot, then let it dry. Permit the moistened cloth to touch the varnish but a few seconds for as soon as the varnish is acted upon by the solvent it will rub off, leaving the wood on the table bare—L. S. Foltz, Colorado Agricultural College, Fort Collins, Colo.

## COMPETE IN FARMWORK

The war has driven patriotic English women to take up farmwork so as to relieve men needed at the front. Nearly four thousand persons watched a hundred women and girls in a farmwork "field day," competition on Sir Thomas Acland's estate at Killerton, Devonshire.

The events included plowing, rolling, harrowing, milking, sheep shearing and harnessing and driving horse.

A fifteen-year-old girl, Miss Smith, of Woodbury, Salterton, who has two brothers at the front, won chief honors. She took first prize for harnessing and driving a farm horse, first for spreading manure and second for milking.

The spectators were especially struck by the way in which the woman shearers tackled the long-wooled Devon sheep, some of which were heavier than the competitors. The judges said that the women in this line were superior to many male farmhands.

## FROZEN DAINTIES

## FOR SUMMER LUNCHEONS

During this weather, no thing so "hits the spot" as home made ice cream or sherbet. The following recipes used and recommended by local lovers of dainty dishes are ideal for a refreshing summer lunch.

## PEACH SHERBET

One quart chopped peaches (fine), 2 cups granulated sugar. Moisten

## CANNING FRUIT SAVES MONEY DESPITE PRICE.

New York, July 22.—Now is the time for housewives to can lots of fruit if they want to save money this winter, the National Housewives league advised in a bulletin issued today.

The price of tin cans has soared until they are now 25 per cent higher than they were last year. Sugar is about three cents a pound more than it was at this time last year. But despite these facts, housewives should get busy with their canning, the league declared, making use of all the old glass jars that may be found.

"Unless the housewives can their own fruit, they are going to pay high prices this winter," said an official of the league. "The canners must boost their prices because they have to use tin cans. Tin plate, from which the cans are made, is going higher because it is a steel product and the munition contractors are making heavy demands on the steel mills. The increased price of sugar will be another thing making for high prices.

"On the other hand the housewife, by using her discarded glass jars, avoids the increase in the cost of cans. She must pay the increased price of sugar used in canning, but the average housewife doesn't realize that she uses more sugar at the table on fresh fruit than she uses in the canned product that takes the place of the fresh fruit."

## VENTILATE THE BEDROOM

If beds received more attention there would be less of that "tired feeling" in the morning. The bed ought to be the most hygienic piece of furniture in the house. It should be well aired and never dressed immediately after the occupant leaves it. And when it is being aired the windows should be wide open.

Regardless of the condition of your couch, however, if you sleep in a stuffy room you are bound to pay the penalty. When you open the windows wide and sleep in a hygienic and properly equipped bed you can depend upon nature to do her part in assisting you to recuperate and gain strength. The time to begin preparation for a good night's rest is when you leave your bed in the morning.

## GIVE THE BABY A CHANCE.

Bad air, bad milk, over-crowded, poverty, dirt, ignorance, heat—these combine in summer to kill the city baby. It seems as though the brunt of the cities' sanitary sins were focused on the baby. The baby didn't ask to come, to live in a hot, dark, air-tight tenement, to be fed on dirty, half spoiled milk, to be pestered with flies and mosquitoes. He is not responsible for any of these conditions and it is his right that he have fresh air, clean surroundings and decent food. The United States Public Health Service issues free of charge to all applicants a bulletin on "The Summer Care of Infants." It should be in the hands of every mother.

sugar with water; boil until a thick syrup; pour over peaches; juice of 2 lemons, 1 quart of hot water, cool and put in freezer. When chilled beat in the whites of 2 eggs and freeze.

## MAPLE MOUSE

One pint of whipped cream, 1 cup of maple syrup, yolks of 5 eggs. Cook syrup until it strings, then stir in the rest and let cool; pack in a freezer with ice and let stand 4 or 5 hours.

## FROZEN PUDDING

One generous pint of milk, 2 cups of granulated sugar, scant 1 cup of flour, 2 eggs, 2 tablespoons of gela-

## ALL THE GIRLS ARE LUNEY OVER THE NEW LUNA VEILS

BY MARGARET MASON  
(Written for United Press.)

Lovely moonfaced maiden

In your Luna veil  
The moon of you is jealous  
And turns with envy pale.

New York, July 22.—If John Armstrong Chalner should ask "Who's Luney now?" we should all have to answer "We all are simply luney over the new Luna veils."

They go to greater lengths in the original veil lines than anything we have been offered for many months.

Of two and a half yard lengths of hemstitched chiffon, the Luna veil has an inset exquisite veiling either, white or black, round as the full moon and about half a yard in diameter. This is for your face to peep seductively through while the rest of the chiffon folds swathe your head and throat in gracious and diaphanous manner.

Not in a blue moon have you seen anything so lovely as a Luna veil of azure chiffon inset with black lace. A white one with a black inset is sticking and one yellow as Luna herself has a black lace opening also, while a wonderful rose shade has either black or white to choose from.

These veils are worn not only for moonlight night wear or even on motoring but unusually are adapted those nights when Diana hides her

face in pouting jealousy of Earth's fair daughters.

They really are intended for any dress occasion when one goes unattended. The lace disk is worn over the face while the chiffon protects the coiffure and acts also as a scarf around your throat and bare shoulders.

A new veil for motoring exclusively comes in the most vivid shades of chiffon and is three yards long. It has an elastic sewed in a circle over your motor hat and forms a puff of veiling over the crown while part of the width falls over the front of the face and the other in the back. The long ends are then knotted under your chin and allowed to float in the breeze and if you choose to sit in the front they may incidentally get all tangled up in the steering wheel.

Following the fad for stripes there are also chiffon veils of white, striped widely in either blue, rose, green, yellow or mauve.

On the face of things veils continue fine, of mesh with delicate lace borders or all over traceries. Because of the huge dimensions of this season's favorite hat the veil is of necessity put on first, next to the head and under the chapeau.

Alas, it is oft too true that most of us have nothing much else under our hats but our veils.

## SALT HAS NUMEROUS USES FOR INGENIOUS HOUSEWIFE.

Only a pinch of salt, yet what a difference it makes in the flavor of the dish that we are preparing! We all know that salt is indispensable to the human body, yet we seldom caoinlshrlu \_eso.6 think of it as a cleanser, or as a first aid to the housewife.

A pinch of salt added to coffee or chocolate improves the flavor greatly. A little bit of salt thrown into any pudding makes it more appetizing. A little salt in custard keeps it from drying and caking, and adds to the flavor.

Salt added to apples or apple sauce alters the flavor of the apples. Some housewives—in preparing apples for baking, add salt instead of sugar, and stuff the apples with ground ham or a slice of bacon.

Eggs which are to be beaten or cream that is to be whipped will foam more readily if a pinch of salt is added.

Place salt in the oven under the pastry pans or tins to prevent the scorching of the contents of the pan. To prevent an omelet from sticking, or burning, sprinkle salt on the bottom of the pan, then turn it out, wipe with a dry cloth and proceed to make the omelet.

Some housewives, in order to hurry the cooking of food in a double boiler, add salt to the water in the outer boiler. Salt added to the water in which desserts, candies or puddings are cooled will hasten the cooling process.

Salt is a great aid in putting out fire. When one uses a gas stove for broiling purposes the grease or drippings from the meat often catch fire. Sometimes the servant is careless and forgets to clean the dripping pan consequently when the oven is again lighted, a fire is the result. In either instance, or when the grease in the frying pan is burning salt will stop the mischief.

tine, 1 quart of cream, 1 pound of candied fruit, 4 tablespoons of wine. Let the milk come to a boil; beat the eggs, 1 cup of sugar and flour together; moisten with a little milk; stir into boiling milk; cook 20 minutes; add the gelatine which has been soaking 1 or 2 hours in water enough to cover it; set away to cool; when cool add wine, balance of sugar and cream. Freeze 15 minutes; then add fruit and finish freezing; use whipped cream as a dressing. It is nice without fruit or wine and flavored.

## GIVE FLESH TO GRAFT ON SOLDIERS' BODIES

Italian society women at Parma, Italy are submitting to operations in which they sacrifice flesh from their arms and legs and supply army surgeons with material with which to save the lives of soldiers at the front. Within the last month twelve society women have given enough flesh to save the lives of twenty-one wounded Italian soldiers.

## AUTOMOBILE CONTEST.

Even the automobile enthusiasts among the ladies take pride in recognizing and knowing the different makes of well-known cars. At your next party, test their knowledge with the following contest. Each phrase is a synonym for a well known machine.

- 1—The greatest automobile city.
- 2—Part of a book.
- 3—The author of Poor Richard's almanac.
- 4—A high ecclesiastical official.
- 5—A wanderer.
- 6—Crossing of a stream.
- 7—A Spanish girl's name.
- 8—A set of novels by an English writer.
- 9—A river in New York State.
- 10—To penetrate and a weapon.
- 11—A variety of coffee.
- 12—Unsurpassed.
- 13—A city near San Francisco.
- 14—A famous American Doctrine.
- 15—Sharp blows.
- 16—An occupation.
- 17—A fuel.
- 18—A color.
- 19—The most ancient car.
- 20—A City of Michigan.
- 21—Going higher—as pronounced by a cockney.
- 22—To avoid.
- 23—A boy's name and the reverse of ill.
- 24—An early inhabitant of Great Britain.
- 25—Across the country.
- 26—The chief cabinet official of France.

NEW YORK MOOSE OPPOSE PERKINS

Resent Alleged "Program" and Many Declare They Will Fuse With Democrats.

LIVELY FIGHT PROMISED

Bainbridge Colby Leads Fight Against Endorsing Hughes—Other Leaders Present.

(By United Press.) Syracuse, N. Y., July 22.—The New York Progressive State Committee will bolt the "Perkins Program" to endorse Hughes for President and Charles S. Whitman for governor and make plans to fuse the Democrats on state and national tickets this fall, at its meeting here today.

There have been many indications among the progressive clubs in New York City and in the organization throughout the state that George W. Perkins' so-called "delivery" of the Progressives to the Republicans at Chicago and the proposed "delivery" of them to Whitman here today may not be countenanced.

The Democratic conference or sort of unofficial state convention will be held at Saratoga early in August is expected to number many prominent New York progressives among its visitors, if not among its members.

County Chairman James J. O'Connell and Bainbridge Colby of New York City are here to lead today's fight against the endorsement of Hughes and Whitman. The fight in favor of endorsing the pair will be led today by George W. Perkins, William H. Hotelkiss, William Hainlin Childs, and Horace S. Wilkinson. The meeting is expected to be one of the liveliest political fights New York has seen in many a day.

Should the Moose fuse with the Democrats on a state ticket this fall, it is not considered unlikely that they will have a candidate for Governor Judge Samuel Seabury of the Court of Appeals. This is problematical and purely speculative at this early date, however, of course.

G. O. P. CAMPAIGN ELEVENTH OPENED

Bean Pot and Political Pot Sizzled Today at Peru—Big Rally Held.

ESTABROOK IS HEADLINER

(By United Press.) Peru, Ind., July 22.—The bean pot and the political pot sizzled together today. It was the opening of the Republican campaign in the eleventh district and the largest political rally held by the republicans in northern Indiana this year.

Henry D. Estabrook of New York, candidate for the nomination for president on the republican ticket, but who withdrew before the Chicago convention convened, spoke this afternoon.

At noon baked beans in huge ovens were passed around with bread, coffee and other eatables.

Tonight Milton Krause of Peru, candidate for congress from the Eleventh district, will speak. Other speakers tonight will be three men Krause defeated in the primary, Dr. C. H. Good of Huntington, Mayor J. O. Bachelor of Marion, and George W. Steele of Marion.

Huntington, Fort Wayne, Wabash, Rochester, Bluffton, Warsaw, Marion, Hartford City, and Decatur sent large delegations. Senatorial Candidate Harry S. New and gubernatorial Candidate James P. Goodrich were present and gave short addresses.

FOR SALE—old newspapers at this for sale at the Republican office

MOOSE LODGE IN CONVENTION

Delegates and Visitors Gather at Mooseheart, Ill., in Twenty-Eighth Annual Meeting.

FIRST HELD AT THEIR HOME

Plan to Take Care of 5,000 Orphans—Have Farm of Thousand Acres and Large Endowment.

(By United Press.) Mooseheart, Ill., July 22.—"Howdy Pap!"

This expression of Moose recognition took on new and deeper meaning here today when three thousand delegates and ten thousand other members of the Loyal Order of Moose Met for their 28th national convention. Mooseheart is the home of five hundred orphaned children and today they brought lumps into the throats of "Pap," and tugged at his heart-strings in a different way than he had ever before experienced, when anyone called to him, "Howdy Pap!"

The cornerstone for Mooseheart was laid July 27, 1913, by Vice President Thomas R. Marshall. This convention is the first to be held at the new Moose home. Plans will be made as to what shall be done with the 1,015 acres, the \$1,800,000, and other equipment of the institution. It is the present plan of the Moose to take care of 5,000 orphans, teach them some vocation, and send them out into the world "able to take care of themselves and with money in their pockets," as one Moose said today.

Hy D. Davis, Cleveland, Ohio, probably will be elected supreme dictator of the order to succeed E. J. Henning, San Diego, Calif., present supreme dictator.

The board of governors, which has the making of Mooseheart and its development in charge, consists of: James J. Davis of Pittsburgh, director general of the board; Rodney H. Brandon of Mooseheart, secretary and treasurer; E. J. Henning of San Diego, Governor Hiram W. Johnson of California, Governor Arthur Capper of Kansas, Ralph W. E. Danges of Camden, N. M., Garland, congressman at large from Pennsylvania, John J. Lentz, congressman from Ohio and Professor A. B. Hart of Harvard university, members.

CORNER STONE OF HOSPITAL IS LAID

Marks First Step in Caring For 4,000 Tuberculosis Patients in Marion County.

WILL ALSO BE NAMED TODAY

(By United Press.) Indianapolis, July 22.—The first step looking toward the taking care of the four thousand persons in Marion county said to be suffering from tuberculosis, was taken today when the corner stone was laid for the new Marion County Tuberculosis Hospital near Oaklandon.

The principal addresses were to be given by Dr. J. N. Hurdy, secretary of the State Board of Health, and by Dr. George Tammes Palmer, president of the Illinois State Association for the Prevention of Tuberculosis.

One of the features of the corner stone laying was to be the announcement of the name chosen for the new sanatorium. From a number of suitable names suggested one was to be selected and the hospital to be christened that name today.

### SOME EARLY FRONTIER HISTORY OF THIS SECTION IS RECALLED

Someone addressed a question to the Indianapolis News asking the location of Whetzell's trace, some-  
times mentioned among early roads, and also requested a history of the man after whom it was named. The News made a comprehensive reply, recalling some early frontier history that with which many of the older people of the county are not fami-  
liar:

Jacob Whetzell was a frontiers-  
man, who came to Indiana in 1811. He was born in Pennsylvania and, after coming west, lived for a while in Kentucky. There is a story of a desperate fight he once had with an Indian near the present site of Cincinnati, in which, after exchang-  
ing shots with rifles, they came to-

gether with knives and fought to a finish, Whetzell killing his man. When Indiana was admitted to the Union, in 1816, he was living in what is now Franklin county, Indiana. In 1818 he bought a piece of land near the mouth of Eel river and determined to reach and locate it by a pathless journey through the woods. At that time the Delaware Indians were in undisturbed pos-  
session of the White river country and Whetzell obtained permission from Anderson, the Delaware Indian chief, to cut a road through from near Brookville to the bluffs of White river. This road, which he blazed through the wilderness, be-  
came known as Whetzell's Trace. It crossed Flat Rock about seven miles

below the present site of Rushville, crossed Blue river four miles above Shelbyville, Sugar creek a little north of Boggstown, and so on to the Bluffs of White river. The road, thus roughly located and marked, subsequently became of considerable importance in the settlement of central Indiana. Whetzell finally settled near Waverly, in Morgan county, died there in 1827. The Indianapolis Journal of July 3, 1827, contained the following: "Died, in Morgan county, near the bluffs of White river, of a paralytic stroke, on the 2nd inst., Captain Jacob Whetzell, age about sixty-three years. Captain Whetzell emigrated to the western part of Virginia when but a very small boy and took a very active part in all Indian wars in the west of Pennsylvania, Virginia and the now state of Ohio, and carried many testimonials of his bravery in the numerous wounds he received in the various

combats with the savage foe. While in the army, under Harmer, St. Clair and several other commanders he performed very signal services as a spy. He has left a numerous and respectable family to mourn their loss." Jacob Whetzell had a son Cyrus, who survived him and lived on the old home farm, near Waverly, many years.

## SUBSEA FREIGHTER AWAITS HER SISTER

Belief Grows to Conviction Today  
When Deutschland Overlooks  
Chance to Leave

CLEARANCE PAPERS FILED

(By United Press.)

Baltimore, July 22.—After the German subsea freighter Deutsch-  
land had failed to take advantage of a terrible lightning and rain storm to get away from her shelter here early today, the belief grew to conviction that she awaits the coming of her sister ship, the Bremen.

The Bremen is said to be taking no chances with the allied patrol but instead is reported to be convoyed by fighting submarines.

Five minutes before the doors of the United States customs house closed today, Captain Frederick Hinich and Philip Voltz of the eastern forwarding company filed the clearance papers of the Deutsch-  
land. This action is taken as a sign that the U-boat will not remain here much longer.

## ALLIED PATROL RESTLESS

Shifts Position Continually Await-  
ing Deutschland's Dash

Norfolk, Va., July 22.—The allied patrol off the Virginia cape is be-  
coming restless. It shifts its position continually. All night long the ships played searchlights on the entrance to the capes and at day-  
light today quickened their speed and resumed their regular north and south patrol.

It is estimated that the ships now are eight to ten miles out. At one time last night one of them moved in to within five miles of beach, closer to the shore than it has ever been.

## HOOSIER BRIEFS.

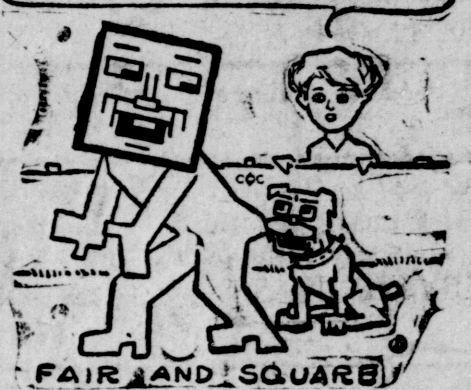

Battle Ground—Delegates began arriving here today for the annual state Epworth League Institute which opens here Monday. The In-  
stitute will be followed by the annual Battle Ground camp meeting of the Methodist church.

Terre Haute—Among the first passengers on the proposed trans-ocean passenger carrying German submarines will be Attorney Louis Reichman and Detective Frank Feddersen. Both say they will apply for passage on the first passenger U-boat to cross the Atlantic.

## TEARS DOWN CITY HALL.

(By United Press.)

Cleveland, July 22.—Cleveland got ready to spend \$4,500,000 today Work was started in razing the old city hall, where a new \$2,000,000 public library will be erected. Clear-  
ing of the site selected for the \$2,500,000 convention hall also was started. Today was the anniversary of the city's founding.

## INDIAN FIGHTERS IN PARADE.

(By United Press.)

San Francisco, July 22.—Veter-  
ans of the Civil War, Spanish War Veterans and aged men who partici-  
pated in the Indian campaigns in the early days in California were the most prominent figures in San Fran-  
cisco's preparedness parade here to-  
day. It was estimated when the pa-  
rade began that between 15,000 and 20,000 men would have marched past the reviewing stand before the de-  
monstration was finished.

All the fraternal organizations of the city were represented, each marching as an individual unit.

## GENTLEMEN'S RACE

(By United Press.)

Hawthorne Race Track, Chicago, July 22.—Polo enthusiasts in the middle west raced for honors today in the "gentlemen's race" on polo ponies over a four furlong course, as a feature event of the fourteen day race meeting here. The Whip and Spur, Wheaton and Onwentsia clubs had entries.

## CARD OF THANKS

To all whom it may concern. Kind friends and neighbors we desire to return our heartfelt thanks for your kind assistance and comfort in our day of sad bereavement. We owe you a debt of gratitude which we may perhaps never be able to pay individually, but if it be not you, God grant that we may assist to comfort and cheer some other one.

## WOMEN HERE TO PLEAD FOR VOTE

Members of Congressional Union  
Arrive in Decorated Auto-  
mobiles for Two Meetings

### FIRST ONE IN COURT HOUSE

Effort Will be Made to Organize a  
Branch Here—National Suff-  
rage is Their Aim

The delegation of prominent suffragists from Indianapolis was expected here late this afternoon. It is understood that the real purpose of the invasion of the suffragists to this city is to interest local women in a branch of the Congressional Union. A meeting was planned for this afternoon at three-thirty o'clock in the library at the court house and tonight a street meeting will be held at which time several speeches will be delivered. The street meeting will probably be held on the court house square.

An effort was made this afternoon to organize a branch of the Congressional Union here. The congressional union is organized on the same principles as a political party, having as its leading plank national suffrage. It differs in that point from the Franchise League which supports state suffrage. The Congressional Union was organized in Indianapolis in March and is now beginning to branch out with organizations in surrounding cities.

The principal talkers for the meetings both this afternoon and evening are Mrs. William C. Bobbs, Mrs. Ida Gray Scott, and Miss Eleanor Barger, state chairman of the organization. The two machines in which the ladies made the trip here from Indianapolis are gayly decorated with flags in the party colors of purple, gold and white. The speakers this evening will address the crowd from a machine. Miss Ethel Williams arrived this morning to distribute literature on the purpose of the party, and to make further arrangements for the two meetings.

## HIGHEST EVER PAID FOR NEW WHEAT HERE

Local Elevators Today are Offering  
\$1.13, Which is High Mark in  
Rushville

### AND IT IS GOING HIGHER TOO

The price offered for new wheat on the local market today was the highest ever paid, within the remembrance of Rushville elevator men. T. H. Reed & Son were paying \$1.13 a bushel for the grain that is now coming from the threshing machines and Mr. Reed, who has been in the elevator business here many years, said that it was the high mark for new wheat. Furthermore, he added, the price is going higher.

Threshing that has taken place this week has born out the early prediction that this year's crop would be a very poor yield but that the quality would be good. The very first wheat threshed in the county proved this to be the case. The yield was only fifteen bushels but it tested fifty-nine bushels to the acre. No "banner" crops have yet been reported.

## MUST CUT WEEDS ON ROAD

Attention of Farmers is Called to  
Law Governing This

County and township road officials call attention to the fact that farmers ought to cut the weeds along the road. Many farmers today said that along some of the roads of the county the weeds were taller than the fence and lapped over into the fields. They say that it is a very simple matter for a farmer to take his mower and cut the weeds at the side of the road. There is a state law which says that they shall keep the weeds down along the roads by their farms. The county highway superintendent looks after this matter on the county roads and the township road supervisors on the township roads.

## BEACH GROWING IN POPULARITY

Those Who Visit Place Sunday Will  
be Asked for Contribution  
to Meet Expense

### MANY IMPROVEMENTS MADE

Rushville's bathing beach is growing daily in popularity. Not an afternoon and evening passes but that there are at least a hundred bathers in the water and generally twice as many spectators on the banks sitting in the shade.

Many have been seeking the cooling water on Sunday, until there is hardly room for all the bathers on that day. Last Sunday it was reported over 300 were in the water and tomorrow the crowd promises to be even larger. Arrangements have been made for a refreshment stand at the beach tomorrow, for the accommodation of the bathers.

Those who have arranged for the pleasure of the many persons who enjoy swimming have gone to great expense in making the beach attractive and tomorrow donations will be received at the beach to meet the expense. A large pier and diving board has been erected and a cable on which are strung rings and ropes have been stretched across the river. A dressing room for men has just been completed. Women bathers use the old locker house of the gun and country club.

## ASSUME TROOPS WILL NOT LEAVE

Senate Begins Slashing Appropriations in New Army Bill to  
Cover Mexican Emergency

### ABOUT \$7,500,000 LOPPED OFF

(By United Press.)  
Washington, July 22.—On the assumption that the United States troops will not be forced to go into Mexico, the senate today began slashing appropriations carried in the army bill to cover the emergency demands made because of the Mexican situation.

Approximately \$7,500,000 was lopped off, including a reduction from \$6,000,000 to \$1,000,000 for pay of militiamen upon recommendation of Chairman Chamberlain of the military committee.

## WILL BE ASKED TO TAKE A PART

Rush County Motorists Will be In-  
vited to Participate in "His-  
toric Highway Day"

### PART OF STATE CENTENNIAL

All Counties Within Radius of 75  
Miles of Indianapolis to Send  
Delegations

Rush county motorists will be invited to participate in "Historic Highway Day" in Indianapolis October 12, which will be a part of the state-wide celebration, a climax to the county celebrations that are being held.

It is now planned that all counties within a radius of seventy-five miles of Indianapolis shall send delegations, which shall pick up motor as they near the state capitol and all arrive there as near the same time as possible. The time for reaching Indianapolis has been designated as noon, it will be necessary for those farther away to motor to the starting point the night before or early that day.

The organization for planning the day is to be by townships and counties. The township committee will include the township trustee, the road supervisor and members from the automobile clubs and road associations. A delegate from it will represent the township organization at meetings of the county committee, which will be made up of the county commissioners, the road superintendent, one township trustee, and representatives from county automobile clubs and road associations.

The routing and timing will be important, for the plan is for the various parties to reach Indianapolis as close together as possible. From the center of Indianapolis, the cars will parade north in Meridian street, in double column formation, led by all the bands, playing patriotic music. The parade will proceed to Riverside, where a program, including short speeches by men of national reputation, will be given.

It is announced that the arrangements will be such that a large number of cars may be handled without serious congestion. The Hoosier State Automobile Association is co-operating with the committee in the plan.

Communications in regard to the event are invited by the committee and will be cared for promptly if addressed to the state centennial committee, the Hoosier State Automobile Association, or Dr. I. S. Harold, 523 Newton Claypool building.

## EPIDEMIC TAKES BIG JUMP

Physicians Surprised When Infantile Paralysis Increases

New York, July 22.—The infantile paralysis epidemic took another big jump upward today. Physicians fighting the mysterious malady who yesterday, after two days of decline in the number of new cases optimistically predicted the epidemic would soon pass, were astounded today when official reports showed 39 deaths in the last 24 hours—the largest since the epidemic broke out June 6. There were 135 new cases. Yesterday there were only 81, new cases reported and the deaths were only 32.

## WEATHER IS TO CONTINUE HOT

Fellow Who Does The Predicting  
Says That it Will Continue  
Fair Over Sunday

### HOW TO AVOID HEAT'S EFFECT

Doctors Lay Down a Few Rules  
That May be Helpful on Hot  
Days Like These

The present heat wave is to continue indefinitely, the weather man said today. He predicted generally fair weather, with no prospects of a decline in temperature.

But with all that, the weather today was better than any time this week because there was a delightful breeze that could be enjoyed when you were not in the sun. But the sun's rays were hot as usual. The thermometers down town registered close to ninety degrees all day.

Realizing that suffering inevitably follows in the wake of a heat wave, such as the one which is now making Rushville gasp for breath, physicians are helping citizens to avoid unnecessary pain, by giving rules for hot weather dressing and eating.

Rules which are endorsed by physicians are:

Don't overeat. A furnace is not stoked in summer as it is in the winter. Neither should the stomach be overloaded. Partake sparingly of meats. Eat largely of fresh vegetables and fruits. Observe these things in eating and no harm can come to your digestive apparatus.

Avoid alcoholic drinks. Alcohol never made any one cooler.

Be sparing in the use of ice water. It is better to drink ice-cooled water than to drink ice water. By this is meant that water should be put in bottles and cooled on ice. The imbibing of large quantities of ice cold fluids may produce serious gastric disturbances. Drink plenty of water, but not too cold.

Light-colored clothes loosely worn, keep off the sun's rays and allow the skin to perform its functions naturally.

Prolonged exercise in the middle of the day or in the sun is to be avoided.

Keep in the air as much as possible, and in the shade. Sleep outdoors.

Screen the porch, if possible and sleep in the open.

Cold baths are to be avoided. Lukewarm baths and sponge baths are better, although too many should not be taken.

Don't fret about the weather, but try to forget it, is another of the rules on which opinion is unanimous.

## TO FIGHT THE BLACK LIST

Fifty New York Firms, Nearly All  
Germans, to Combat British

(By United Press.)  
New York, July 22.—Fifty of the New York firms named in the British black list banded together today in a permanent organization to fight the embargo. A committee of five met and decided shortly to confer with President Wilson. The firms, most of which are composed of German-Americans, all say the black list is part of a world scheme by England to drive the Germans out of business.

## IS REMOVED TO EL PASO

Murderer of His Wife and Army  
Officer Still Silent

(By United Press.)  
El Paso, Texas, July 22.—Apparently dazed and badly frightened, Henry J. Butler, charged with the murder of his wife and Lieutenant Colonel M. C. Butler at Alpine, was brought here today by the sheriff of Brewster county. Spannell still refused to discuss his reasons for shooting Butler after inviting him on an automobile trip.

## TO DETERMINE THE STATUS OF OFFICER

Colonel J. A. Gaston to Decide  
Whether Lieut. Col. Butler  
Was "In Line of Duty"

### SHOT WHILE WITH WOMAN

(By United Press.)  
San Antonio, Texas, July 22.—Colonel J. A. Gaston was instructed by the southern department today to go to Alpine from his headquarters at Marfa to investigate the shooting of Lieutenant Colonel M. C. Butler.

Gaston will decide whether Butler was killed in the "line of duty," which will determine whether his widow will get a pension. If Butler had a moral right to be with Mrs. Spannell, he will be considered to have been shot while in the "line of duty."

Harry J. Spannell, who shot and killed his wife and Butler, has been spirited away from Alpine to protect him from possible mob violence, it was learned today. It is thought he was taken to Marfa.

## GET EVIDENCE ON MEXICAN QUESTION

Republicans Expect to Make it  
Campaign Issue, Judging From  
Harry Lane Wilson's Visit

### IS CONSULTED BY LEADERS

(By United Press.)  
New York, July 22.—That the Republicans are gathering all possible evidence on the Mexican situation for a campaign issue was indicated today when Henry Lane Wilson of Indiana, former Mexican ambassador, went into a long conference with Chairman Wilcox of the Republican national committee.

Wilson refused to state what his business was with the chairman but indicated he was there to discuss the problem of Mexico and to outline the weakness of the present administration policy. This is the second call Wilson has made at Republican headquarters. Yesterday Nelson O'Shaughnessy spent some time with G. O. P. leaders.

"The election will take place in November," said Wilcox today, when asked to comment on the statistics on the Progressive vote issued from Democratic headquarters yesterday.

Mrs. Helen H. Pierson, administratrix of the estate of Maria Smelser, deceased, has filed a petition to sell real estate to pay debts. The petition stated that she has in her possession the sum of \$5,643.32 and the indebtedness amounts to \$13,259.93.

## TENACITY IS UNDERSTOOD

Germans Had Natural Protection  
Which Caused Them to Hold  
Their Positions

### ARE BEING SWEEP AWAY NOW

Foureaux and Deville Woods are  
Being Denuded by Allied Shot  
and Explosive Gas

(By United Press.)  
London, July 23.—General Haig reported today progress of an intense artillery combat along the British front. For the past twelve hours the guns on both sides have roared and the Germans have poured gas and shells into the British front lines.

For the first time since the allies great push started, the Germans are losing the advantage of defenses furnished by nature. Official dispatches today indicate that with impending capture by General Haig's forces of the whole of Foureaux and Deville woods, the German forces in this particular sector will be swept out of the last vestige of natural protection.

This explains the tenacity with which the Tuetons have clung to these two spots now being steadily reduced by a tornado of British artillery fire to a blackened area of stumps and holes in the ground.

## LET CONTRACTS FOR FOUR BRIDGES

Four Awards Total \$2,765, Two  
Not Being Let Because no  
Bids Were Made on One.

### ONLY ONE BID ON THE OTHER

Contracts for bridges totalling \$2,765 were let this afternoon by the board of commissioners. This sum is to be spent for four bridges. Two other bridges were not awarded. On one of these the commissioners received but one bid and on the other failed to receive a single bid.

The Helman bridge in Richland township was awarded to Amos Stevens, the contract price being \$850. The Burke Construction company of Newcastle bid \$950 on this bridge.

Lawrence and Ennis of Arlington were given the Crane and Riggsbee bridges at a price of \$1,215 for both structures. N. R. Farlow bid \$647 for the Crane road.

The Burk construction was awarded the contract for the Chambers bridge at a price of \$700. This was the only bid. This firm also bid \$725 for the Logan bridge but the commissioners refused to award the contract. No bids were received on the Hungerford bridge. The contractors explained that the estimate was too low. The estimate was placed at \$750 and contractors stated that the cost alone would be about \$900. It is planned to raise the estimate of this bridge and re-advertise both the Hungerford and Logan bridges.

George Woody and family, and Harry Kalb and family of Indianapolis arrived today to spend 16 days at the Green cottage on Flatrock.

Quality First

## THE NEW WAY TO SPELL ECONOMY— C-H-A-L-M-E-R-S

A cheap piece of machinery, like the boy with a little knowledge, is sometimes a dangerous thing.

Men are buying better and better lawn mowers, and reapers, and printing presses, and gasoline engines and pumps.

Why? Because they find it pays.

Probably there's no better example of this in the case of automobiles than Chalmers cars.

Figures show that over 75% of men who have bought Chalmers cars this year previously owned a \$500, \$600 or \$800 car.

And the great big increase in Chalmers sales (792% in six months) has come from towns just like this.

In the old days Chalmers cars were sold for the most part in towns like New York and Chicago.

You can find Chalmers cars most any time of the day in most any block in such towns even now.

But in the smaller communities Chalmers cars are most numerous today. Because the people in towns like this were quickest to see the value, note the endurance, and observe the wonderful performance.

Particularly of this 3400 r. p. m. Chalmers, which is, in our opinion, the most able car that ever came to this town.

Price \$1090 Detroit, a car well worth \$1400.

## PUBLIC GAINS BY THIS SCRAP

Restaurant Men in Indianapolis Are at War Slashing Prices in Every Direction.

"SELF-SERVE" KIND INVOLVED

Most of Them Have Followed Example of One Run by Women — Good For Businessman.

(By United Press.)

Indianapolis, Ind., July 22.—The unheard of, a restaurant war, has been declared in Indianapolis with terrific slaughter to the profits of restaurateurs and enormous gains for Mr. Business Man who must eat his lunch down-town. The war, which broke out about two months ago and which now is raging on all sectors, has sent prices scurrying downward until the cost of meals at Indianapolis restaurants is lowest in years.

The war is being waged not by the whole class of restaurants, but by cafeterias or "self-serve" eating places. In this class of eating places the Hoosier capital claims first rank among American cities, and, according to traveling men, Indianapolis has more cafeterias per population than any other city in the country.

The conflict started when a new "carry your plate and take your choice" place opened near the busiest corner of the city. The other "self-serves" promptly started a drive aimed to put the new place out of business through price cutting. Because of its central location the new-comer survived while one of the price-cutting cafeterias—the first ever established in the city—was forced to close.

The next phase of the war began a few weeks ago when a new cafeteria owned and run by several women hoisted its sign on one of the city's busiest streets. Its prices were much lower than any of the others had dared to go in their price-cutting. For two weeks the "up-start" prospered, with its table crowded and a seemingly endless procession of tray-carriers passing through it. Then the defensive cafeterias began their attack with price-cutting. One of the oldest in the city led off with a 3-cent reduction in meat orders and other reductions accordingly. Most of the others fell in line, a few however, posting signs saying that they offered "quality at the lowest possible price."

Thus the war goes merrily on while the public eats at a low cost after years of "h. e. l."

With The Churches

—Regular services will be held at St. Mary's Catholic church Sunday morning at seven and nine o'clock.

—The United Presbyterian church Sabbath school and preaching 10 o'clock; Intermediate C. U., 6:30; at 7:30 the congregation will unite with the First Presbyterian congregation for the evening service. Prayer meeting Thursday evening 7:30.

—The St. Paul's M. E. church will hold the following services for next week: Sunday School at 9:30 a. m.; preaching by pastor at 10:30 and 7 o'clock. The evening service is a combined service of the Epworth League and church and if the weather permits will be held on the lawn east of the church. Leader for Epworth League, Mrs. Esther McCloud. Midweek prayer service, Thursday evening at 7:30 p. m.

—Services for the First Baptist church for Sunday are as follows: Bible school at 9:30 with combined service; Preaching at 10:30; subject of sermon, "God's Building." Morning services in assembly room of court house. Evening service, union meeting at Christian church at 7:30 p. m. Subject of sermon, "A Remarkable Bathing Pool." Thursday at 7:30 p. m. in assembly room of court house, a special business meeting.

went to Connersville this afternoon  
where they will spend Sunday with  
friends and relatives.

## Amusements

Herbert Rawlinson, and France-  
lia Billington will be seen in a two  
act Gold Seal comedy-drama at the  
Gem today. Miss Billie Rhodes and  
Ray Gallagher will also be seen in a  
very funny Nester comedy entitled  
"His Neighbor's Wife." Three other  
good reels will also be shown. Mon-  
day, matinee and night the five act  
Gold Rooster Play "Big Jim Gar-  
rity" is the attraction. Robert Ed-  
son the distinguished stage star is  
featured. It is a drama of tense  
thrills and great human interest.

The Princess will show the two  
act drama "A Return to Youth—and  
Trouble" for the first picture to-  
night. Lillian Drew and Edward Ar-  
nold are featured and the story is  
true to life. The second picture is  
a comedy entitled, "Out Ag'in,  
In Ag'in." Hughie Mack and Kate  
Price are featured. The last is a  
western picture "The Sheriff's  
Duty." Joe Ryan and Betty Keller  
are featured. Monday, matinee and  
night the five act feature "Mrs.  
Dane's Danger" will be shown in  
which William Dunn and L. Rogers  
Lytton are featured.

tained last Saturday night by an  
outbound I & C. traction car near  
the junction. The motorman said  
Kelley evidently was trying to board  
the car but stood too close to it.

E. A. Matney of New Salem has  
a freak potato. It is one whose  
eyes literally popped out and turned  
into small potatoes. Many old po-  
tatoes that have lain in the cellar  
have been known to send out long  
sprouts, but this is said to be the  
first one on record that developed  
full grown potatoes. There are two  
on the "parent" tuber and both are  
developed just like a potato that is  
grown on a vine.

### Beveridge's Statement.

Albert J. Beveridge, who was the Progressive nominee for U. S. senator from Indiana during the 1914 campaign, has announced his intention to support the Republican party during the present campaign. After a three hour conference with Charles Evans Hughes, Republican nominee for the Presidency, Mr. Beveridge gave out the following statement:

"The Progressive party as an organized party no longer exists. People have many opinions as to the causes that produced this condition, but it is useless to discuss them, for the fact itself stares us in the face.

"Therefore Progressives must

### COULD NOT WALK

And For Four Years, Could Not Stand Without Support.

Chillicothe, Ohio—"Nothing pleases me more than to speak a word of praise for Cardui, the woman's tonic," says Mrs. Ed Davis, of this town, "for I firmly believe that it snatched me from the grave.

I have been married 14 years, and had two children. After the youngest was born, I was not able to walk, and for four years, I was not strong enough to stand on my feet five minutes at the time, without something to support me.

Nothing seemed to do me any good, until, finally, I commenced using Cardui, the woman's tonic. I only used about four bottles, but, today I am well, can do my work, and walk as far as I want to.

I can never praise Cardui enough, and my neighbors cannot get done wondering at the change in me."

You, too, can depend on Cardui, because Cardui is a gentle, harmless, vegetable tonic, that can do you nothing but good.

Prepared from vegetable herbs, Cardui has a specific effect on the womanly constitution, and puts strength where it is needed.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. The cure is one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.

either refrain from voting for President at all or support the candidate of some other party. I shall vote for Mr. Hughes. In taking this stand I do not make nor imply any criticism of Progressives who may decide differently. I personally know large numbers of these men and women and hold them in the highest regard and esteem. Whatever they individually determine to do will be the result of their mature judgment arrived at conscientiously.

"I have known Mr. Hughes. He is, above all, a straightforward man, trustworthy and dependable. He means what he says and says what he means. I trust him, like him, am his friend and shall support him."

"The work on which I am engaged—the writing of the life of Chief Justice Marshall—has absolutely prevented all political activity on my part for the last eighteen months; in case the demands of this work are such as to permit me to take any part in the campaign I shall give my reasons on the stump for my conviction that the welfare of the country demands the election of Mr. Hughes.

### The Difference.

The rapidity with which Col. Roosevelt's proposed division of recruits has been filled up with volunteers who would fight with him in Mexico must be something of a shock to the War Department as it compares the Colonel's overflowing muster-rolls with the tardy recruiting at the camps of the National Guard whom Wilson has summoned to service on the border. It only illustrates, however, how ready the American people are to respond to the proper leadership. Americans have no love for the inept and the ineffective. What they want is action—sharp and decisive. The great reason why the ranks of the National Guard have proven so difficult to fill and the real reason why the troops who have marched away have gone with little or no enthusiasm for their task is that the whole Mexican venture as it stands today has been clouded by the years of indecision and humiliation which "watchful waiting" has to its credit. If the men of the Guard now thought that Wilson meant business they would have shouldered their guns with alacrity; and if the people generally had thought that we were at last to behold a nation in action, the mobilization camps could not have held the numbers who would have flocked to the colors.

The mobilization of the militia gave the country the hope that the period of "watchful waiting" was ended. But, that pleasurable thought existed for a few days only. We are plainly in for another season of experimentation in Mexico, while the mobilized militia costs the country millions of dollars.

It was something more than a century ago that this infant Republic refused to pay tribute to the Barbary pirates, and Decatur and his comrades gave imperishable fame to the American Navy in maintaining that refusal. Now, it seems, however, that we are to pay money to Carranza to be good. The fact that the transaction is designated as a loan does not alter its essential character.

How Matthew Hale, the Progressive boss of Massachusetts must regret that he has only one to give to the third party ticket.

## GOOD SEWAGE IS NECESSARY

Indiana Cities Must Work Out Plan of Disposing of This in Order to Get Good Water

### RIVER WATER IS NOT FIT

Filtration Plans are Used to Make Supply Pure—Water Famine Is Threatened in State

(U. P. Staff Correspondent.) Indianapolis, July 2—In view of the threatened famine of well water for Indiana cities and the consequent change to reservoirs impounding surface water, a change must come in the system of sewage disposal according to leading Indiana engineers.

"Indiana cities must work out a plan of disposing of sewage by means of the septic tank system within 25 or 30 years, said B. J. T. Jeap, sewage engineer of the Indianapolis Water company, today. "It is absolutely necessary that Indianapolis work out a plan for the disposal of the city's sewage that will preclude the unloading of sewage on the cities of southern Indiana whose source of water supply is White River."

The water of Indiana rivers now is entirely unfit for human use according to sanitary engineers. The engineers assert that there is not a river in the state the water of which is not polluted beyond use. If the water of these rivers must be used, as it appears it will be, say the experts, some method of purifying it must be adopted.

Because of the sewage unloaded in the northern Indiana streams practically every southern Indiana city has been forced to install a filtration plant. Because of the sewage dumped into Lake Michigan by the city of Chicago and northern Indiana cities, which obtain their water from the lake have been forced to install filtration plants.

The only safe way to guard the Indiana water supply, according to the engineers, is the installation of septic sewage disposal plants in every city.

### —“and here's your Aetna check”

Mighty nice of the folk to bring flowers and fruit. But of all the gifts, nothing is so comforting as this Aetna check for \$250 every four weeks.

I've had some siege of it here—over two months since a boiler explosion in the factory. Doubt if I'd have pulled through if my mind hadn't been at ease about my family. Knew, too, that if I did pass out, they'd be taken care of with the \$15,000 they'd get in indemnity and increases, from my AETNA DISABILITY POLICY.

As it is, even when I get home, every four weeks \$200 will be coming to me while I'm in bed and then \$25 a week until I'm able to tackle the job again.

Often takes an experience like this to make a man want to

### AETNA-IZE

It's a wonder a husky fellow like myself had the forethought. But you never can tell when sickness or accident will grab you—and I wanted to do the right thing by Sue and the kids. Besides, it costs so little. Write, call or phone today.

## Current Comments

### Speaking of Concession.

(Muncie Press)  
Says an exchange: "The headlines in certain newspapers indicate keen disappointment because the president has obtained concessions from Carranza without sacrifice of the boys of the national guard."

This crude statement, if we ignore the intimation that certain newspapers want some of the national guardsmen shot in Mexico—which is beneath contempt—brings forth the natural query as to just what concessions have been secured from Carranza.

According to the information which has become public the United States troops went into Mexico to capture Villa after that worthy, using ammunition and guns made in the United States, had murdered and robbed American citizens along the border.

For a time the American expedition made excellent headway. Then it was compelled to encounter Carranza opposition and was stopped while the president commenced the writing of another series of notes. Some of our regulars were trapped and their bodies shipped home in wooden boxes. For a time it seemed as though war between the United States and Carranza inevitable. Then suddenly the war clouds cleared away. But as yet nobody has heard of any concessions from Carranza. On the other hand, semi-official hints and intimations from Washington have led the public to believe that in spite of the murder of American soldiers in Mexico it is our government which has humiliated itself by making concessions.

The expedition into Mexico has accomplished next to nothing, aside from the murder of American troops and the spending of a lot of money. Villa is apparently today stronger than he has been in months and may soon control northern Mexico again.

But this lack of accomplishment in Mexico is due not to the inability of American soldiers but to the uncertain and shifting policy of the United States government. The killing of American soldiers by Carranza troops was due indirectly to the refusal of President Wilson to order our soldiers out of Mexico. The Carranza attitude suddenly changed. Somebody made a concession, it is true, but we are led to believe that it lies in the fact that American troops will be withdrawn from Mexico within the next few months—maybe not before the election—and that the border will be patrolled by "international" forces. Which means that Uncle Sam will retire from Mexico for the second time within three years without accomplishing his object and that American troops patrolling our own border will have to associate with and in the long run be dictated to by Carranza bandits going under the name of "Soldiers of the Mexican Republic." And even this unsatisfactory compromise will be only temporary because there is no telling just when Carranza will cease to be a dominating factor in Mexico.

There is no doubt that concessions have been made but they have come from the United States—which has again been humbled by cactus diplomacy—and not from Carranza.

Everybody would be thankful if the Mexican problem could be solved without the shedding of blood of our national guardsmen, and of all citizens of the United States. But the blood of innocent and inoffensive private American citizens has already been shed by Mexicans and American soldiers have been murdered with impunity. And the American people are going to call for a real reckoning, the day of which is not far distant.

But as to concessions—give the devil his dues. Carranza has received them, not given them. We have failed in every object we have had in Mexico during this administration and have been thoroughly licked diplomatically. There is no need denying that. The American public knows it and the whole world knows it. Only the blindest supporters of the present administration seems unaware of it. To win a diplomatic victory some desired object must be accomplished. Nothing so far has been accomplished in Mexico but the wasting of money and the killing of a few more American soldiers.

## A Discovery about your TEETH

Tonight, if you will closely examine your teeth after brushing them, you will make a surprising discovery. Though you have been cleaning your teeth regularly, you will find an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. Your dentifrice has not been REALLY CLEANING!

Loss of teeth is usually due to one of two conditions—Pyorrhea or Decay—both of which ordinarily develop only in the mouth where germ-laden tartar is present.

CLEAN your teeth—REALLY CLEAN them! Senreco, a dental specialist's formula will do it. Senreco embodies specially prepared, soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea.

Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect yourself against Pyorrhea and decay. Send 4c to Senreco 304 Walnut St., Cincinnati, Ohio, for trial package.

"PREPAREDNESS"  
See your dentist twice yearly  
Use Senreco twice daily  
The tooth paste that REALLY CLEANS

Receipts and Suggestions That Are Helpful to The Housekeepers

## Affairs In The Social World

Edited by Miss Frances Frazee  
Phone 1111.

### Social Calendar

#### Saturday

#### Monday

Tri Kappa, with Mrs. Harry Osborne at 329 North Perkins street at 2:30 p. m.

#### IN MANILLA

Mr. and Mrs. O. C. Macy of Manilla are giving a dinner party for a number of their friends tomorrow.

#### WITH MRS. PETRY

Mrs. John Boyd, Mrs. Mary E. Hinkle, and Mrs. C. W. Hinkle were entertained by Mrs. Petry at her home in North Sexton street Thursday. Prettily appointed meals were served both at noon and in the evening.

#### HOUSE GUESTS.

Arriving Tuesday, Mrs. Hal Kitchen, Mrs. Ed Batterton, and Mrs. Fred Thomas of Greensburg, will be the guests of Dr. and Mrs. Carl Beher at their home in North Main street for several days.

#### AT CONNERSVILLE

According to the Connerville News, Mrs. Joseph Clark of this city, who has been visiting in Connerville, was among the guests at the meeting of the Twelfth Street Sewing Club held with Miss Louise Barker there Thursday afternoon.

#### 86TH BIRTHDAY

Celebrating his 86th birthday, Theodore Abercrombie of North Main street will celebrate at his home tomorrow by giving a family dinner. Invited to help him enjoy the event are, Mr. and Mrs. John Abercrombie and son, John, Mr. and Mrs. Guy Abercrombie and daughter, Laurett, and Mrs. Minnie Abercrombie.

#### WITH MISS SCHOLL

Miss Irene Cunningham of Rossville, Ill., spent last evening with Miss Marian Scholl of North Jackson street, who was a school friend of hers at Jacksonville, Ill. Miss Cunningham left this morning en route to Indianapolis, where accompanied by a party, she will motor to French Lick. Miss Scholl gave a theatre party in her honor, last evening, which was followed by a visit to the Greeks. The young ladies invited in this way to meet her were the Misses Leah Flint, Jean McClanahan, Freda Schatz, and Marian Sparks.

On Monday, Miss Mable Pawling of Terre Haute, Miss Scholl's roommate at Jacksonville, will arrive for a week's visit.

#### FOR EMBROIDERY CLUB

For the members of the Friday Afternoon Embroidery Club and a few invited guests, Miss Estelle Jones entertained yesterday afternoon. The dainty color scheme of yellow and white was particularly fortunate one at this season of the year when lovely summer flowers abound. Bouquets of marigold graced the rooms where the guests were entertained informally. Nasturtiums, too, aided in carrying out the color scheme.

And in the dining room, a huge bouquet of yellow flowers of every kind was in the center of the table. Smaller bouquets of corresponding blossoms were also arranged there. The buffet luncheon, which was really a fried chicken dinner, was served to the guests, carrying out the color scheme in its appointments. Among the guests who numbered about 20 was Miss Helen Osterberg of Minneapolis, Minn.

#### SUNDAY DINNER

Mr. and Mrs. Russel Barringer will entertain at dinner tomorrow. Mr. and Mrs. Fred Brown and Mr. and Mrs. Claude Smith, and daughter at their home in North Perkins street.

#### FOR GUESTS

Mrs. Buford Winship is entertaining at dinner this evening at her home in East Second street for Miss Hazel Gallagher and Miss Kathleen Ryan of Muncie. The guests are the Misses Irene, Theresa and Helen Reardon, and Sylvia and Mayme Mullins.

#### FOR SOUTHERN GUESTS

Summer flowers of all kinds were banked about the home of Miss Dorothy Sparks yesterday afternoon when she, assisted by Miss Lois Reeves and Miss Dorothy Mulno, held open house in honor of Miss Lillian Bell and Miss Kathryn Hutchinson, their house-guest from Huntington, W. Va. The chandeliers were twined with greenery, the mantles were banked with rows of bouquets of tiger lilies, nasturtiums, roses, ragged robin, marigold and variegated summer flowers.

The guests were greeted at the door by little Miss Margaret Guffin, in a lovely summer frock. In the receiving line were the Misses Dorothy Sparks, Lillian Bell, Lois Reeves, Kathryn Hutchinson and Dorothy Mulno. The hostesses were assisted in receiving by Mary Louise Bliss, Marion Sparks, Beatrice Reeves and Ester Anderson.

After the visitors had met, the two charming southern guests, the afternoon was spent informally mingling about while the strains from the Victrola wafted through the rooms.

In the dining room, where the table was decorated with a large and several smaller bouquets surrounding it of ragged robin, the chandelier was draped with greenery, and other bouquets of flowers scented the room. Mrs. Robert L. Tompkins presided at the table serving the refreshing ice. Assisting in the dining room were Mrs. Will Sparks, the Kathryn Guffin, Helen Frazee, Kathryn Wooden and Margaret Ball.

Last evening the festivities were continued when a number of the young people were invited in for an informal party at the home of Miss Sparks, with the same hostesses entertaining. The evenings' pleasures during which dainty refreshments were served, were followed by an automobile ride. Guests at the affair last evening were the Misses Kathryn Hutchinson, Lillian Bell, Kathryn Wooden, Lois Reeves, Dorothy Mulno, Helen Frazee, Mary Louise Bliss, Kathryn Guffin, Margaret Ball, and Esther Anderson, and Duane Reed, Lucien Anderson, Alfred Norris, Laurence Payne, Wallace Payne, Norman Reed, Harold Wolcott, Paul Parrish, Howard Stiers, Harry Schmalzel, and Hubert Alexander.

This afternoon, the group of girls will form a swimming party at the new bathing beach. Tuesday, when Miss Marjorie Curdick, of Huntington, W. Va., will arrive to join the houseparty, Miss Lois Reeves will give a six o'clock dinner for some of her girl friends, followed by an informal party when the young men will be invited in. A slumber party will complete this series given by Miss Reeves, honoring the guests.

On Thursday evening, a party motored to Knightstown. They were the Misses Dorothy Sparks, Dorothy Mulno, Kathryn Hutchinson, Lillian Bell, Lois Reeves, Mary Louise Bliss, Laurence Payne and Hubert Alexander.

### Attractive Girl Is A Guest Here

One of the houseparty guests of Miss Margaret Gray at her home east of the city, is Miss Helen Forsythe of Indianapolis, a very attractive young lady who has made more friends with each of her frequent visits in the city.

### VARNISHED TABLE SPOTS

The white spots which appear on the top of the table, due to the accidental application of heat from hot dishes need not worry a careful housewife long if she will remember that the original appearance of the varnish may be restored by simply reforming its surface. To do this it is necessary to apply some varnish solvent—not varnish remover—and then allow it to dry. The most easily obtained solvents are alcohol and ammonia. Moisten a bit of clean cloth with the solvent, rub it quickly over the white spot, then let it dry. Permit the moistened cloth to touch the varnish but a few seconds for as soon as the varnish is acted upon by the solvent it will rub off, leaving the wood on the table bare—L. S. Foltz, Colorado Agricultural College, Fort Collins, Colo.

### COMPETE IN FARMWORK

The war has driven patriotic English women to take up farmwork so as to relieve men needed at the front. Nearly four thousand persons watched a hundred women and girls in a farmwork "field day," competition on Sir Thomas Acland's estate at Killerton, Devonshire.

The events included plowing, rolling, harrowing, milking, sheep shearing and harnessing and driving horse.

A fifteen-year-old girl, Miss Smith, of Woodbury, Salterton, who has two brothers at the front, won chief honors. She took first prize for harnessing and driving a farm horse, first for spreading manure and second for milking.

The spectators were especially struck by the way in which the woman shears tackled the long-wooled Devon sheep, some of which were heavier than the competitors. The judges said that the women in this line were superior to many male farmhands.

### FROZEN DAINTIES FOR SUMMER LUNCHEONS

During this weather, no thing so "hits the spot" as home made ice cream or sherbet. The following recipes used and recommended by local lovers of dainty dishes are ideal for a refreshing summer lunch.

#### PEACH SHERBET

One quart chopped peaches (fine), 2 cups granulated sugar. Moisten

### CANNING FRUIT SAVES MONEY DESPITE PRICE

New York, July 22.—Now is the time for housewives to can lots of fruit if they want to save money this winter, the National Housewives league advised in a bulletin issued today.

The price of tin cans has soared until they are now 25 per cent higher than they were last year. Sugar is about three cents a pound more than it was at this time last year. But despite these facts, housewives should get busy with their canning, the league declared, making use of all the old glass jars that may be found.

"Unless the housewives can their own fruit, they are going to pay high prices this winter," said an official of the league. "The canners must boost their prices because they have to use tin cans. Tin plate, from which the cans are made, is going higher because it is a steel product and the munition contractors are making heavy demands on the steel mills. The increased price of sugar will be another thing making for high prices.

"On the other hand the housewife, by using her discarded glass jars, avoids the increase in the cost of cans. She must pay the increased price of sugar used in canning, but the average housewife doesn't realize that she uses more sugar at the table on fresh fruit than she uses in the canned product that takes the place of the fresh fruit."

### VENTILATE THE BEDROOM

If beds received more attention there would be less of that "fired feeling" in the morning. The bed ought to be the most hygienic piece of furniture in the house. It should be well aired and never dressed immediately after the occupant leaves it. And when it is being aired the windows should be wide open.

Regardless of the condition of your couch, however, if you sleep in a stuffy room you are bound to pay the penalty. When you open the windows wide and sleep in a hygienic and properly equipped bed you can depend upon nature to do her part in assisting you to recuperate and gain strength. The time to begin preparation for a good night's rest is when you leave your bed in the morning.

### GIVE THE BABY A CHANCE.

Bad air, bad milk, over-crowded, poverty, dirt, ignorance, heat—these combine in summer to kill the city baby. It seems as though the brunt of the cities' sanitary sins were focused on the baby. The baby didn't ask to come, to live in a hot, dark, air-tight tenement, to be fed on dirty, half spoiled milk, to be pestered with flies and mosquitoes. He is not responsible for any of these conditions and it is his right that he have fresh air, clean surroundings and decent food. The United States Public Health Service issues free of charge to all applicants a bulletin on "The Summer Care of Infants." It should be in the hands of every mother.

sugar with water; boil until a thick syrup; pour over peaches; juice of 2 lemons, 1 quart of hot water, cool and put in freezer. When chilled beat in the whites of 2 eggs and freeze.

#### MAPLE MOUSE

One pint of whipped cream, 1 cup of maple syrup, yolks of 5 eggs. Cook syrup until it strings, then stir in the rest and let cool; pack in a freezer with ice and let stand 4 or 5 hours.

#### FROZEN PUDDING

One generous pint of milk, 2 cups of granulated sugar, scant 1 cup of flour, 2 eggs, 2 tablespoons of gela-

### ALL THE GIRLS ARE LUNEY OVER THE NEW LUNA VEILS

BY MARGARET MASON  
(Written for United Press.)

Lovely moonfaced maiden

In your Luna veil

The moon of you is jealous

And turns with envy pale.

New York, July 22.—If John Armstrong Chalner should ask "Who's Luney now?" we should all have to answer "We all are simply luney over the new Luna veils."

They go to greater lengths in the original veil lines than anything we have been offered for many months.

Of two and a half yard lengths of hemstitched chiffon, the Luna veil has an inset exquisite veiling either, white or black, round as the full moon and about half a yard in diameter. This is for your face to peep seductively through while the rest of the chiffon folds swathe your head and throat in gracious and diaphanous manner.

Not in a blue moon have you seen anything so lovely as a Luna veil of azure chiffon inset with black lace. A white one with a black inset is sticking and one yellow as Luna herself has a black lace opening also, while a wonderful rose shade has either black or white to choose from.

These veils are worn not only for moonlight night wear or even on motoring but unusually are adapted those nights when Diana hides her

face in pouting jealousy of Earth's fair daughters.

They really are intended for any dress occasion when one goes unattended. The lace disk is worn over the face, while the chiffon protects the coiffure and acts also as a scarf around your throat and bare shoulders.

A new veil for motoring exclusively comes in the most vivid shades of chiffon and is three yards long. It has an elastic sewed in a circle over your motor hat and forms a puff of veiling over the crown, while part of the width falls over the front of the face and the other in the back. The long ends are then knotted under your chin and allowed to float in the breeze and if you choose to sit in the front they may incidentally get all tangled up in the steering wheel.

Following the fad for stripes there are also chiffon veils of white, striped widely in either blue, rose, green, yellow or mauve.

On the face of things veils continue fine, of mesh with delicate lace borders or all over traceries. Because of the huge dimensions of this season's favorite hat the veil is of necessity put on first, next to the head and under the chapeau.

Alas, it is oft too true that most of us have nothing much else under our hats but our veils.

### SALT HAS NUMEROUS USES FOR INGENIOUS HOUSEWIFE

Only a pinch of salt, yet what a difference it makes in the flavor of the dish that we are preparing! We all know that salt is indispensable to the human body, yet we seldom eat without it. It is so good to think of it as a cleanser, or as a first aid to the housewife.

A pinch of salt added to coffee or chocolate improves the flavor greatly. A little bit of salt thrown into any pudding makes it more appetizing. A little salt in custard keeps it from drying and caking, and adds to the flavor.

Salt added to apples or apple sauce alters the flavor of the apples. Some housewives—in preparing apples for baking, add salt instead of sugar, and stuff the apples with ground ham or a slice of bacon. Eggs which are to be beaten or cream that is to be whipped will foam more readily if a pinch of salt is added.

Place salt in the oven under the pastry pans or tins to prevent the scorching of the contents of the pan. To prevent an omelet from sticking, or burning, sprinkle salt on the bottom of the pan, then turn it out, wipe with a dry cloth and proceed to make the omelet.

Some housewives, in order to hurry the cooking of food in a double boiler, add salt to the water in the outer boiler. Salt added to the water in which desserts, candies or puddings are cooled will hasten the cooling process.

Salt is a great aid in putting out fire. When one uses a gas stove for broiling purposes the grease or drippings from the meat often catch fire. Sometimes the servant is careless and forgets to clean the dripping pan consequently when the oven is again lighted, a fire is the result. In either instance, or when the grease in the frying pan is burning salt will stop the mischief.

time, 1 quart of cream, 1 pound of candied fruit, 4 tablespoons of wine. Let the milk come to a boil; beat the eggs, 1 cup of sugar and flour together; moisten with a little milk; stir into boiling milk; cook 20 minutes; add the gelatine which has been soaking 1 or 2 hours in water enough to cover it; set away to cool; when cool add wine, balance of sugar and cream. Freeze 15 minutes; then add fruit and finish freezing; use whipped cream as a dressing. It is nice without fruit or wine and flavored.

### GIVE FLESH TO GRAFT ON SOLDIERS' BODIES

Italian society women at Parma, Italy are submitting to operations in which they sacrifice flesh from their arms and legs and supply army surgeons with material with which to save the lives of soldiers at the front. Within the last month twelve society women have given enough flesh to save the lives of twenty-one wounded Italian soldiers.

### AUTOMOBILE CONTEST.

Even the automobile enthusiasts among the ladies take pride in recognizing and knowing the different makes of well-known cars. At your next party, test their knowledge with the following contest. Each phrase is a synonym for a well-known machine.

- 1—The greatest automobile city.
- 2—Part of a book.
- 3—The author of Poor Richard's almanac.
- 4—A high ecclesiastical official.
- 5—A wanderer.
- 6—Crossing of a stream.
- 7—A Spanish girl's name.
- 8—A set of novels by an English writer.
- 9—A river in New York State.
- 10—To penetrate and a weapon.
- 11—A variety of coffee.
- 12—Unsurpassed.
- 13—A city near San Francisco.
- 14—A famous American doctrine.
- 15—Sharp blows.
- 16—An occupation.
- 17—A fuel.
- 18—A color.
- 19—The most ancient car.
- 20—A City of Michigan.
- 21—Going higher—as pronounced by a cockney.
- 22—To avoid.
- 23—A boy's name and the reverse of it.
- 24—An early inhabitant of Great Britain.
- 25—Across the country.
- 26—The chief cabinet official of France.

**NEW YORK MOOSE LODGE OPPOSE PERKINS**

**Resent Alleged "Program" and Many Declare They Will Fuse With Democrats.**

**LIVELY FIGHT PROMISED**

**Bainbridge Colby Leads Fight Against Endorsing Hughes—Other Leaders Present.**

(By United Press.)

Syracuse, N. Y., July 22.—The New York Progressive State Committee may bolt the "Perkins Program" to endorse Hughes for President and Charles S. Whitman for governor and make plans to fuse the Democrats on state and national tickets this fall, at its meeting here today.

There have been many indications among the progressive clubs in New York City and in the organization throughout the state that George W. Perkins' so-called "delivery" of the Progressives to the Republicans at Chicago and the proposed "delivery" of them to Whitman here today may not be countenanced.

The Democratic conference or sort of unofficial state convention will be held at Saratoga early in August is expected to number many prominent New York progressives among its visitors, if not among its members.

County Chairman James J. O'Connell and Bainbridge Colby of New York City are here to lead today's fight against the endorsement of Hughes and Whitman. The fight in favor of endorsing the pair will be led today by George W. Perkins, William H. Hotchkiss, William Hamilton Childs, and Horace S. Wilkinson. The meeting is expected to be one of the liveliest political fights New York has seen in many a day.

Should the Moose fuse with the Democrats on a state ticket this fall, it is not considered unlikely that they will have a candidate for Governor Judge Samuel Seabury of the Court of Appeals. This is problematical and purely speculative at this early date, however, of course.

**G. O. P. CAMPAIGN ELEVENTH OPENED**

**Bean Pot and Political Pot Sizzled Today at Peru—Big Rally Held.**

**ESTABROOK IS HEADLINER**

(By United Press.)

Peru, Ind., July 22.—The bean pot and the political pot sizzled together today. It was the opening of the Republican campaign in the eleventh district and the largest political rally held by the republicans in northern Indiana this year.

Henry D. Estabrook of New York, candidate for the nomination for president on the republican ticket, but who withdrew before the Chicago convention convened, spoke this afternoon.

At noon baked beans in huge ovens were passed around with bread, coffee and other eatables.

Tonight Milton Krause of Peru, candidate for congress from the Eleventh district, will speak. Other speakers tonight will be three men Krause defeated in the primary, Dr. C. H. Good of Huntington, Mayor J. O. Bachelor of Marion, and George W. Steele of Marion.

Huntington, Fort Wayne, Wabash, Rochester, Bluffton, Warsaw, Marion, Hartford City, and Decatur sent large delegations. Senatorial Candidate Harry S. New and gubernatorial Candidate James P. Goodrich were present and gave short addresses.

**FOR SALE**—old newspapers at this office, for sale at the Republican office.

**MOOSE LODGE IN CONVENTION**

**Delegates and Visitors Gather at Mooseheart, Ill., in Twenty-Eighth Annual Meeting.**

**FIRST HELD AT THEIR HOME**

**Plan to Take Care of 5,000 Orphans—Have Farm of Thousand Acres and Large Endowment.**

(By United Press.)

Mooseheart, Ill., July 22.—"Howdy Pap!"

This expression of Moose recognition took on new and deeper meaning here today when three thousand delegates and ten thousand other members of the Loyal Order of Moose Met for their 28th national convention. Mooseheart is the home of five hundred orphaned Moose children and today they brought lumps into the throats of "Pap," and tugged at his heart strings in a different way than he had ever before experienced, when anyone called to him, "Howdy Pap!"

The cornerstone for Mooseheart was laid July 27, 1913, by Vice President Thomas E. Marshall. This convention is the first to be held at the new Moose home. Plans will be made as to what shall be done with the 1,015 acres, the \$1,800,000, and other equipment of the institution. It is the present plan of the Moose to take care of 5,000 orphans, teach them some vocation, and send them out into the world able to take care of themselves and with money in their pockets, as one Moose said today.

Ely D. Davis, Cleveland, Ohio, probably will be elected supreme dictator of the order to succeed E. J. Henning, San Diego, Calif., present supreme dictator.

The board of governors which has the making of Mooseheart and its development in charge consists of: James J. Davis of Pittsburgh, director general of the board; Rodney H. Brandon of Mooseheart, secretary and treasurer; E. J. Henning of San Diego, Governor; Hiram W. Johnson of California, Governor; Arthur Capper of Kansas; Ralph W. E. Danges of Camden, N. M.; Garland, congressman at large from Pennsylvania; John J. Lentz, congressman from Ohio and Professor A. B. Hart of Harvard university, members.

**CORNER STONE OF HOSPITAL IS LAID**

**Marks First Step in Caring For 4,000 Tuberculosis Patients in Marion County.**

**WILL ALSO BE NAMED TODAY**

(By United Press.)

Indianapolis, July 22.—The first step looking toward the making of one of the four thousand patients in Marion county said to be suffering from tuberculosis, was taken today when the corner stone was laid for the new Marion County Tuberculosis Hospital, near Oaklandon.

The principal addresses were to be given by Dr. J. N. Hurdy, secretary of the State Board of Health, and by Dr. George Thomas Palmer, president of the Illinois State Association for the Prevention of Tuberculosis.

One of the features of the corner stone laying was to be the announcement of the name chosen for the new sanatorium. From a number of suitable names suggested one was to be selected and the hospital to be christened that name today.

**Scale Books.**

We have a new supply of scale books, large size, 100 pages, containing 500 receipts for the Republican office.

### SOME EARLY-FRONTIER HISTORY OF THIS SECTION IS RECALLED

Someone addressed a question to the Indianapolis News asking the location of Whetzell's trace, sometimes mentioned among early roads, and also requested a history of the man after whom it was named. The News made a comprehensive reply, recalling some early frontier history that with which many of the older people of the county are not familiar.

Jacob Whetzell was a frontiersman, who came to Indiana in 1811. He was born in Pennsylvania and, after coming west, lived for a while in Kentucky. There is a story of a desperate fight he once had with an Indian near the present site of Cincinnati, in which, after exchanging shots with rifles, they came to

gether with knives and fought to a finish, Whetzell killing his man. When Indiana was admitted to the Union, in 1816, he was living in what is now Franklin county, Indiana. In 1818 he bought a piece of land near the mouth of Eel river and determined to reach and locate it by a pathless journey through the woods. At that time the Delaware Indians were in undisturbed possession of the White river country and Whetzell obtained permission from Anderson, the Delaware Indian chief, to cut a road through from near Brookville to the bluffs of White river. This road, which he blazed through the wilderness, became known as Whetzell's Trace. It crossed Flat Rock about seven miles

below the present site of Rushville, crossed Blue river four miles above Shelbyville, Sugar creek a little north of Boggs town, and so on to the Bluffs of White river. The road, thus roughly located and marked, subsequently became of considerable importance in the settlement of central Indiana. Whetzell finally settled near Waverly, in Morgan county, died there in 1827. The Indianapolis Journal of July 3, 1827, contained the following: "Died, in Morgan county, near the bluffs of White river, of a paralytic stroke, on the 2nd inst., Captain Jacob Whetzell, age about sixty-three years. Captain Whetzell emigrated to the western part of Virginia, when but a very small boy and took a very active part in all Indian wars in the west of Pennsylvania, Virginia and the now state of Ohio; and carried many testimonials of his bravery in the numerous wounds he received in the various

combats with the savage foe. While in the army, under Harmer, St. Clair and several other commanders he performed very signal services as a spy. He has left a numerous and respectable family to mourn their loss." Jacob Whetzell had a son Cyrus, who survived him and lived on the old home farm, near Waverly, many years.

### SUBSEA FREIGHTER AWAITS HER SISTER

Belief Grows to Conviction Today  
When Deutschland Overlooks  
Chance to Leave

CLEARANCE PAPERS FILED

(By United Press.)  
Baltimore, July 22.—After the German subsea freighter Deutschland had failed to take advantage of a terrible lightning and rain storm to get away from her shelter here early today, the belief grew to conviction that she awaits the coming of her sister ship, the Bremen.

The Bremen is said to be taking no chances with the allied patrol but instead is reported to be conveyed by fighting submarines.

Five minutes before the doors of the United States customs house closed today, Captain Frederick Hinrich and Philip Voltz of the eastern forwarding company filed the clearance papers of the Deutschland. This action is taken as a sign that the U-boat will not remain here much longer.

### ALLIED PATROL RESTLESS

Shifts Position Continually Awaiting  
Deutschland's Dash

Norfolk, Va., July 22.—The allied patrol off the Virginia cape is becoming restless. It shifts its position continually. All night long the ships played searchlights on the entrance to the cape and at daylight today quickened their speed and resumed their regular north and south patrol.

It is estimated that the ships now are eight to ten miles out. At one time last night one of them moved in to within five miles of beach, closer to the shore than it has ever been.

#### HOOSIER BRIEFS.

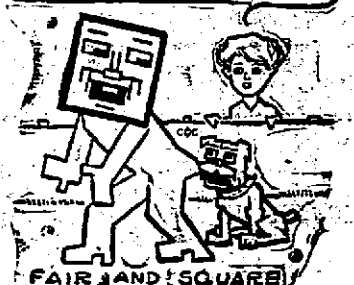

Battle Ground—Delegates began arriving here today for the annual state Epworth League Institute which opens here Monday. The Institute will be followed by the annual Battle Ground camp meeting of the Methodist church.

Terre Haute—Among the first passengers on the proposed trans-ocean passenger carrying German submarines will be Attorney Louis Reichman and Detective Frank Feddersen. Both say they will apply for passage on the first passenger U-boat to cross the Atlantic.

If you are not satisfied with your furnished room, the classified ads can render you a service.

#### TEARS DOWN CITY HALL.

(By United Press.)  
Cleveland, July 22.—Cleveland got ready to spend \$4,500,000 today Work was started in razing the old city hall, where a new \$2,000,000 public library will be erected. Clearing of the site selected for the \$2,500,000 convention hall also was started. Today was the anniversary of the city's founding.

#### INDIAN FIGHTERS IN PARADE.

(By United Press.)  
San Francisco, July 22.—Veterans of the Civil War, Spanish War, Veterans and aged men who participated in the Indian campaigns in the early days in California were the most prominent figures in San Francisco's preparedness parade here today. It was estimated when the parade began that between 15,000 and 20,000 men would have marched past the reviewing stand before the demonstration was finished. All the fraternal organizations of the city were represented, each marching as an individual unit.

#### GENTLEMEN'S RACE.

(By United Press.)  
Hawthorne Race Track, Chicago, July 22.—Polo enthusiasts in the middle west raced for honors today in the "gentlemen's race" on polo ponies over a four furlong course, as a feature event of the fourteen day race meeting here. The Whip and Spur, Wheaton and Onwentsia clubs had entries.

#### CARD OF THANKS

To all whom it may concern. Kind friends and neighbors we desire to return our heartfelt thanks for your kind assistance and comfort in our day of sad bereavement. We owe you a debt of gratitude which we may perhaps never be able to pay individually, but if it be not you, God grant that we may assist to comfort and cheer some other one.

MR. and MRS. STEVE OFFUTT  
and FAMILY
